UNITED STATES IMMIGRATION AND CUSTOMS ENFORCEMENT,

# COMPLAINT FOR DECLARATORY AND INJUNCTIVE RELIEF

- 1. This action is brought under the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552, et seq., to compel U.S. Immigration and Customs Enforcement ("ICE") to conduct a reasonable search for and produce records improperly withheld in response to a FOIA request from Plaintiff Immigrant Defense Project ("IDP"). Plaintiff seeks records related to civil immigration arrests by ICE agents that occur inside, on the property of, or within two city blocks of New York State courthouses (hereinafter "courthouse arrests").
- 2. ICE has provided almost no information about courthouse arrests in New York. ICE published a January 2018 internal policy memorandum on courthouse arrests but it does little more than reveal that ICE has adopted a practice of arresting immigrants attending court. Similarly, public statements from federal officials merely inform the public that ICE will continue to arrest immigrants attending court, including victims and witnesses. ICE has not explained, clarified, or released data pertaining to its current guidelines and practices for conducting courthouse arrests, the frequency of such arrests, or ICE's relationships and arrangements with New York State's Office of Court Administration ("OCA") relating to such

arrests.

- 3. Plaintiff submitted its request to Defendant on March 5, 2018 (attached hereto as Exhibit A), seeking information on courthouse arrests. More than three months later, on June 11, 2018, Plaintiff received Defendant's formal response (attached hereto as Exhibit B), consisting of two pages: an e-mail blast from ICE's Deputy Director to ICE employees about a policy directive and a Buffalo, New York field office e-mail stating that courthouse arrests must be approved at the Deputy Field Office Director level or higher.
- 4. In response to Defendant's clearly deficient two-page disclosure, Plaintiff submitted an administrative appeal challenging the adequacy of Defendant's search on August 17, 2018 (attached hereto as Exhibit C). Defendant responded to Plaintiff on September 19, 2018, (attached hereto as Exhibit D), agreeing to conduct additional searches. Plaintiff sent two follow-up letters to Defendant on October 3, 2018, and November 16, 2018 (attached hereto as Exhibits E and F); Defendant replied by e-mail on November 20, 2018 (attached hereto as Exhibit G), assuring Plaintiff its request would be processed as expeditiously as possible. Plaintiff sent a third follow-up letter on February 8, 2019 (attached hereto as Exhibit H). Defendant replied by e-mail on February 14, 2019 (attached hereto as Exhibit I), stating that Plaintiff's request is currently tasked to the appropriate program offices for responsive records to be returned.
- 5. 381 days have passed since Plaintiff submitted its request, and 183 since

  Defendant agreed to conduct additional searches. Plaintiff has received no additional records or
  communications from Defendant. Left with no alternative, Plaintiff now seeks to compel

  Defendant to fulfill immediately its obligation to perform an adequate search and promptly
  disclose responsive records.

#### JURISDICTION AND VENUE

- 6. This Court has jurisdiction over this action under 5 U.S.C. § 552(a)(4)(B) and 28 U.S.C. § 1331.
- 7. Venue is proper in this District under 5 U.S.C. § 552(a)(4)(B) because the principal place of business for IDP is in New York City. ICE operates in all 50 states.

## **PARTIES**

- 8. Plaintiff IDP is a non-profit organization whose mission is to promote fundamental fairness for immigrants accused or convicted of crimes. IDP seeks to minimize the harsh and disproportionate immigration consequences of contact with the criminal justice system by working to transform unjust deportation laws and policies and educating and advising immigrants, their criminal defenders, and other advocates. IDP disseminates information about the immigration system to the public in accessible ways and is a leader in providing training and support for legal practitioners and community members.
- 9. Defendant ICE is a component of the Department of Homeland Security, which is a department of the executive branch of the United States. ICE enforces immigration and customs laws and is responsible for the detention and removal of immigrants from the United States. It has offices in all 50 states, including New York. ICE is an "agency" with the meaning of 5 U.S.C. § 552(f)(1).

# **STATEMENT OF FACTS**

- A. ICE Conducts Courthouse Arrests But Has Provided Minimal Public Information on the Practice.
- 10. Increasingly, ICE conducts civil immigration arrests at or near courthouses (referred to colloquially as "courthouse arrests").
  - 11. ICE has asserted that its agents "generally" seek to avoid enforcement actions in

areas dedicated to non-criminal proceedings, and that officers will not arrest family members of arrest targets "absent special circumstances." But, according to statistics compiled by IDP from attorneys and advocates who work with immigrants and their family members, courthouse arrests in New York increased 1,700% from 2016 to 2018, and DHS and ICE's inconsistent and vague statements about that practice provide little clarity as to when, where, and why ICE will make a courthouse arrest.

- New York State. ICE's ambiguous courthouse-arrest policy and the sharp spike in courthouse-arrest volumes have inspired fear in immigrant communities about the risks of appearing in court, and whether doing so will lead to arrest, detention, or deportation. As a result, court participation by immigrant victims of domestic violence, sexual assault, and rape has declined markedly, posing a significant threat to public health and safety. In December 2018, 75 former state and federal judges expressed their concerns in a letter to ICE, asserting that "the public must be able to access courthouses safely and without fear of retribution. For many, however, ICE's courthouse arrests have made courts places to avoid."
- 13. It is critical to obtain information on the frequency of courthouse arrests, related policies, and ICE's working relationship with the OCA in order to provide the public—including crucial stakeholders such as legal services lawyers, anti-violence advocates, and other participants in the court system—much needed clarity on the risks that individuals attending court proceedings face in New York State.
- 14. The information Plaintiff seeks is not publicly available. Absent the public release of the requested records, the only available statistics on the frequency and type of courthouse arrests come from self-reported data collected by IDP from advocates and attorneys

-4-

practicing in counties across New York State. These data are incomplete and provide no information about ICE's policies or procedures or the manner in which it works with OCA.

15. Without the requested records, mass confusion and misunderstanding over courthouse arrests will persist, litigants and witnesses will refrain from accessing the courts to protect their rights, and attorneys will be unable to advise their clients about the consequences of participation. As the letter from 75 former state and federal judges stated: "Following nearly two years of high profile ICE courthouse activity, only unequivocal guarantees and protections will restore the public's confidence that it can safely pursue justice in our nation's courts."

# B. ICE Responded to Plaintiff's FOIA Request Regarding Courthouse Arrests With a Clearly Inadequate Disclosure.

- 16. On March 5, 2018, Plaintiff submitted to ICE a FOIA request (attached hereto as Exhibit A) seeking any and all records prepared, received, transmitted, collected, and/or maintained by ICE's New York and Buffalo field offices that reflect:
  - internal protocols regarding communication between the DHS and OCA staff, policies, protocols, or trainings about courthouse arrests;
  - information about enforcement incidents related to courthouse arrests;
  - meetings between DHS staff and OCA staff;
  - information regarding production of individuals held in ICE custody to any New York State law enforcement or correctional agency; and
  - copies of certain DHS reporting requirements.
- 17. On June 11, 2018, nearly three months after Plaintiff submitted its request, ICE told Plaintiff that, after searching its Enforcement and Removal Operations ("ERO") division, it had identified only two pages responsive to the request. The first page contained an e-mail blast from ICE's Deputy Director to ICE employees about a policy directive; the second page contained a Buffalo, New York field office e-mail stating that courthouse arrests must be

approved at the Deputy Field Office Director level or higher.

- 18. ICE's initial search—which was, to Plaintiff's knowledge, ICE's *only* search—was inadequate for failure to encompass clearly responsive records. Although public documents leave no doubt that ICE has responded to inquiries and criticism, addressed concerns raised by state courts, and created a new internal policy on courthouse arrests, ICE disclosed no records whatsoever relating to these activities.
- 19. ICE also omitted numerous responsive documents of which Plaintiff is aware. For example, the New York Chief Administrative Judge has stated publicly that ICE officials have "agreed, unofficially on a regional level" not to enter non-criminal courtrooms, yet ICE's two-page disclosure contains no evidence of this agreement. Nor has ICE disclosed responsive materials described by its own internal courthouse-arrest directives.
- 20. Deficiencies in ICE's response are particularly clear when compared to recent ICE responses to other courthouse-arrest-records requests. For example, when asked for recent Colorado field office courthouse-arrest records, ICE produced a far more extensive response (attached hereto as Exhibit J) than the mere two pages it disclosed here.
- 21. Furthermore, ICE's search was inadequate because it did not search all divisions likely to have responsive records. Plaintiff sought records prepared, received, transmitted, collected, or maintained by ICE's New York and Buffalo field offices. But ICE's response stated that ICE searched only its ERO division. There was no indication that ICE conducted a meaningful search of any field office, much less the specific offices Plaintiff identified.
  - 22. On August 17, 2018, Plaintiff formally appealed the adequacy of ICE's search.
- C. In Response to Plaintiff's Administrative Appeal, ICE Admitted It Had Not Conducted a Thorough Search and Committed to Perform Additional Searches.
  - 23. On September 19, 2018, ICE advised it had "determined that new search(s) or,

modifications to the existing search(s), could be made" and was "remanding [Plaintiff's] appeal to the ICE FOIA Office for processing and re-tasking to the appropriate agency/office(s) to obtain any responsive documents."

- 24. In letters dated October 3, 2018 and November 16, 2018, Plaintiff asked for a swift response to the appeal. On November 20, 2018—three months after remanding the request—ICE notified Plaintiff that it had "queried the appropriate component of DHS for responsive records" and would "process [the] request as expeditiously as possible." In a letter dated February 8, 2019, Plaintiff again requested a response. On February 14, 2019—six months after remanding the Request—ICE notified Plaintiff that the "request is currently tasked to the appropriate program offices for responsive records to be returned." Plaintiff has received no further communication from ICE.
- 25. 381 days have passed since the request was made, and 216 days have passed since Plaintiff appealed the adequacy of ICE's search. ICE's continued delay and resulting withholding of the requested records are unwarranted.

## **CLAIM FOR RELIEF**

#### **Violation of the Freedom of Information Act**

- 26. Paragraphs 1-25 above are hereby incorporated by reference as if set forth fully herein.
- 27. ICE has violated 5 U.S.C. § 552(a)(3)(A) by failing to promptly release agency records in response to Plaintiff's request.
- 28. ICE has violated 5 U.S.C. § 552(a)(3)(C)-(D) by failing to make reasonable efforts to perform an adequate search for records responsive to Plaintiff's request.

- 29. Plaintiff has exhausted the applicable administrative remedies with respect to its request.
- 30. Injunctive relief is authorized under 5 U.S.C. § 552(a)(4)(B) because ICE continues to improperly withhold agency records in violation of FOIA. Plaintiff will suffer irreparable injury from, and have no adequate remedy for, ICE's unlawful withholding of government documents subject to their request.

# **PRAYER FOR RELIEF**

WHEREFORE, Plaintiff prays that this Court:

- 1) Order Defendant to conduct, immediately and expeditiously, an adequate search for agency records responsive to Plaintiff's request;
  - 2) Order Defendant to disclose all responsive agency records to Plaintiff;
- 3) Award Plaintiff its costs and reasonable attorneys' fees incurred in this action pursuant to 5 U.S.C. § 552(a)(4)(E); and
  - 4) Grant such other relief as the Court may deem just and proper.

## **RE: Freedom of Information Act Request**

Dear U.S. Immigration and Customs Enforcement FOIA Unit:

The Kathryn O. Greenberg Immigration Justice Clinic ("Clinic") and the Immigrant Defense Project ("IDP") (collectively "Requestors") submit this letter as a request for information under the Freedom of Information ACT (FOIA), 5 U.S.C. § 552, et seq. We ask that this request be expedited pursuant to 5 U.S.C. § 552(a)(6)(E), and that we be granted a fee waiver pursuant to 5 U.S.C. § 552(a)(4)(A)(iii).

### Records Requested

Requestors seek disclosure of records related to civil immigration arrests by U.S. Immigration and Customs Enforcement ("ICE") agents that occur within, on the property of, or within two city blocks of New York State courthouses (hereinafter "courthouse arrests"). Specifically, the Clinic and IDP request any and all records 1 prepared, received, transmitted,

  - b. DHS Instruction 034-06-001, Rev. 1, Department Reporting Requirements, March 28, 2017.

### Request for Expedited Processing

Expedited processing is warranted because there is "an urgency to inform the public about an actual or alleged federal government activity," and the request is made by entities "primarily engaged in disseminating information." 5 U.S.C. § 552(a)(6)(E)(v)(II). This request demonstrates that both criteria are satisfied. 6 C.F.R. § 5.5(d)(3).

There is an urgent need to obtain the information sought in the instant request which, at this point, is not publicly available. The records described above would accurately reflect the scope, details, and policies regarding the phenomenon known colloquially as "courthouse arrests." The practice increased 1,100% from 2016 to 2017 and has had a documented chilling effect on access to justice for noncitizens throughout New York State. It is critical to obtain this information because information on the frequency of this type of arrest, agency policies, and ICE's working relationship with OCA will provide the public—including crucial stakeholders such as legal services lawyers, anti-violence advocates, and other participants in the court

<sup>&</sup>lt;sup>3</sup> Nancy Morawetz & Lindsay Nash, *Get ICE Out of N.Y.'s Courtrooms*, THE DAILY NEWS (Jan. 25, 2018), *available at* http://www.nydailynews.com/opinion/ice-n-y-s-courtrooms-article-1.3777389 ("As documented by the Immigrant Defense Project, there was a 1,100% increase in incidence of ICE courthouse arrests in New York in 2017 from the previous year.").

system—much needed clarity on the risks that individuals face when participating in court proceedings in New York State.

In light of the dramatic increase in arrests and ICE's official policy of conducting enforcement operations within and near courthouses, immigrant communities are suffering from immense fear about the risks of attending court as litigants, witnesses, or other attendees. This fear is compounded by the huge gaps in information about when and whether an interaction with the court system will result in arrest, detention, and deportation, all of which has led to significant declines in court participation by victims of domestic violence, sexual assault, and rape, posing a significant threat to public health and safety. Despite ICE's vague and standardless assertion that is agents will "generally" seek to avoid enforcement actions in areas that are dedicated to non-criminal proceedings, there have been numerous instances of such actions in New York State and nationally. Moreover, DHS's statements about this policy and practice are inconsistent and vague and provide little if any guidance to the public as to when ICE will conduct such an enforcement action. The only statistics on the frequency and type of these arrests are from self-reported data collected by IDP from advocates and attorneys practicing in counties across New York State, which is incomplete and in any event does not provide

information about ICE's policies or procedures or the manner in which it works with OCA.<sup>8</sup> Without gaining access to the requested records, there will continue to be mass confusion and misunderstanding over courthouse arrests, meaning that potential litigants and witnesses will refrain from accessing the courts and attorneys will be unable to advise their clients about the consequences of participation.

The intense public interest in issues relating to courthouse arrests is evident. Various media reports detail specific instances of these arrests, fear from immigrant communities, and outcries from communities, attorneys, district attorneys, and judges. However, despite the widespread interest and attention, little to no information about the relationship between DHS and OCA is available in the public domain. Without access to the above-mentioned information, the public is unable to fully comprehend the emerging practice or the roles agencies

The Requestors are "primarily engaged in disseminating information" and thus warrant expedited processing. 5 U.S.C. § 552(a)(6)(E)(v)(II); see also 6 C.F.R. § 5.5(d)(3). The Department of Homeland Security's ("DHS") regulations specifically provide that "information dissemination . . . need not be [a requestor's] sole occupation." 6 C.F.R. § 5.5(d)(3). IDP is an expert resource and advocacy organization that monitors the intersection of the criminal justice system and immigration system. <sup>14</sup> It disseminates information about these issues to policy makers, attorneys, the general public, and affected communities, and these materials routinely include information obtained through FOIA requests. <sup>15</sup> IDP publishes newsletters, know-your-rights pamphlets, and reports on immigration issues. <sup>16</sup> The Clinic is also primarily engaged in disseminating information and has published reports and other materials using records obtained via FOIA requests, <sup>17</sup> meaning that it is well positioned to analyze the records and has a demonstrated track record in doing so. As such, the Requestors meet the standard for expedited processing.

### Request of Waiver of Fees

The Requestors ask that all fees associated with this FOIA request be waived. We are entitled to a waiver of all costs because disclosure of the information is "likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requester." 5 U.S.C. § 552(a)(4)(A)(iii). See also 6 C.F.R. § 5.11(k) (records furnished without charge or at a reduced rate if the information is in the public interest, and disclosure is not in commercial interest of institution). In addition, the Requestors have the ability to widely disseminate the requested information. <sup>18</sup>

As described above, disclosure of the requested information will contribute significantly to public understanding of government operations and activities and decrease the level of

misunderstanding, confusion, and fear. *See supra* note 3-13. The records requested here relate directly to governmental operations or activities; all are directly traceable to a specific federal government initiative of performing federal civil immigration enforcement at courthouses. As noted, although this is an issue of intense public concern, there is virtually no information about, among other things, the relationship between OCA and DHS, the frequency and type of arrests, the mechanisms for ensuring that individuals who are arrested can continue to participate in their state court proceedings available to the public. *See supra* notes 3-12. Thus, the requested information would significantly enhance the public's understanding of courthouse arrests, and either provide a way to reduce the mass fear, panic, and confusion of immigrant and minority communities, or more effectively engage with the government about these practices. Given the obvious access-to-justice issues that the documented chilling effect on noncitizens throughout the state creates—not only for people in court proceedings, but also those who wish to participate in the New York court system, and those who rely on noncitizens as witnesses—it is critical that the public, including noncitizens and their attorneys, understand more about the scope and contours of this practice.

Requestors have undertaken this work in the public interest and not for any private commercial interest. The Clinic and IDP are not-for-profit organizations that do not seek to disseminate the information for the purpose of commercial gain. Requestors will make information responsive to this FOIA request available to the public, including the press, at no cost. Indeed, Requestors have a proven track-record of compiling and will disseminate newsworthy information obtained through this request. Accordingly, disclosure in this case meets the statutory criteria, and a fee waiver would fulfill Congress's legislative intent in amending FOIA. See Judicial Watch Inc. v. Rossotti, 326 F.3d 1310, 1312 (D.C. Cir. 2003) ("Congress amended FOIA to ensure that it be 'liberally construed in favor of waivers of noncommercial requesters'").

In the alternative, if a full fee waiver is not granted, Requestors seek all applicable reductions in fees pursuant to 6 C.F.R. § 5.11(d). Further, fees are limited to only reasonable duplication costs when the request is not for commercial purposes and "the request is made by an educational or noncommercial scientific institution." 5 U.S.C. § 522(a)(4)(A)(ii)(II). The Clinic, as an educational institution, requests that if the fee waiver is not granted, fees be limited to duplication costs only. Requestors further ask that, if no fee waiver is granted and the fees exceed \$200.00, the Agency please contact Requestors, through the undersigned counsel, to obtain consent to incur additional fees.

RE: ICE FOIA Case Number 2018-ICFO-25625

Dear Ms. NASH:

This letter is the final response to your Freedom of Information Act (FOIA) request to U.S. Immigration and Customs Enforcement (ICE), dated March 05, 2018. You have requested copies of the following records:

records related to civil immigration arrests by U.S. Immigration and Customs Enforcement ("ICE") agents that occur within, on the property of, or within two city blocks of New York State courthouses (see request for specific details)

ICE has considered your request under the FOIA, 5 U.S.C. § 552.

A search of the ICE Enforcement & Removal Operations (ERO) for records responsive to your request produced 2 pages that are responsive to your request. After review of those documents, I have determined that 0 pages will be released in their entirety. Portions of 2 pages will be withheld pursuant to Exemptions (b)(6), (b)(7)(C) of the FOIA as described below.

ICE has applied FOIA Exemptions 6 and 7(C) to protect from disclosure the names, e-mail addresses, and phone numbers of DHS employees contained within the documents.

**FOIA Exemption 6** exempts from disclosure personnel or medical files and similar files the release of which would cause a clearly unwarranted invasion of personal privacy. This requires a balancing of the public's right to disclosure against the individual's right to privacy. The privacy interests of the individuals in the records you have requested outweigh any minimal public interest in disclosure of the information. Any private interest you may have in that information does not factor into the aforementioned balancing test.

Page 2 of 3

FOIA Exemption 7(C) protects records or information compiled for law enforcement purposes that could reasonably be expected to constitute an unwarranted invasion of personal privacy. This exemption takes particular note of the strong interests of individuals, whether they are suspects, witnesses, or investigators, in not being unwarrantably associated with alleged criminal activity. That interest extends to persons who are not only the subjects of the investigation, but those who may have their privacy invaded by having their identities and information about them revealed in connection with an investigation. Based upon the traditional recognition of strong privacy interest in law enforcement records, categorical withholding of information that identifies third parties in law enforcement records is ordinarily appropriate. As such, I have determined that the privacy interest in the identities of individuals in the records you have requested clearly outweigh any minimal public interest in disclosure of the information. Please note that any private interest you may have in that information does not factor into this determination.

You have a right to appeal the above withholding determination. Should you wish to do so, you must send your appeal and a copy of this letter, within 90 days of the date of this letter following the procedures outlined in the DHS FOIA regulations at 6 C.F.R. Part 5 § 5.8, to:

U.S. Immigration and Customs Enforcement Office of the Principal Legal Advisor U.S. Department of Homeland Security 500 12th Street, S.W., Mail Stop 5900 Washington, D.C. 20536-5900

Your envelope and letter should be marked "FOIA Appeal." Copies of the FOIA and DHS regulations are available at www.dhs.gov/foia.

Provisions of FOIA allow DHS to charge for processing fees, up to \$25, unless you seek a waiver of fees. In this instance, because the cost is below the \$25 minimum, there is no charge.

If you need any further assistance or would like to discuss any aspect of your request, please contact the FOIA office and refer to FOIA case number 2018-ICFO-25625. You may send an email to ice-foia@ice.dhs.gov, call toll free (866) 633-1182, or you may contact our FOIA Public Liaison, Fernando Pineiro, in the same manner. Additionally, you have a right to right to seek dispute resolution services from the Office of Government Information Services (OGIS) which mediates disputes between FOIA requesters and Federal agencies as a non-exclusive alternative to litigation. If you are requesting access to your own records (which is considered a Privacy Act request), you should know that OGIS does not have the authority to handle requests made under the Privacy Act of 1974. You may contact OGIS as follows: Office of Government Information Services, National Archives and Records Administration, 8601 Adelphi Road-OGIS, College Park, Maryland 20740-6001, e-mail at ogis@nara.gov; telephone at 202-741-5770; toll free at 1-877-684-6448; or facsimile at 202-741-5769.

Re: <u>Freedom of Information Act Appeal, ICE FOIA Case Number 2018-ICFO-25625</u>

Dear Sir or Madam,

We write on behalf of the Kathryn O. Greenberg Immigration Justice Clinic at the Benjamin N. Cardozo School of Law and the Immigrant Defense Project (collectively "Requestors") in connection with the above referenced Freedom of Information Act ("FOIA") request (the "Request") (attached hereto as Exhibit A). This letter is an appeal of ICE's adverse determination concerning the Request.

The Request seeks records related to civil immigration arrests by U.S. Immigration and Customs Enforcement ("ICE") agents that occur inside, on the property of, or within two city blocks of New York State courthouses (hereinafter "courthouse arrests")—an enforcement practice that has dramatically expanded in recent months. In response to the Request, ICE produced two pages of records. ICE's failure to produce *any* documents related to entire categories of the Request, including, among other things, numerous specific responsive records of which Requestors are aware, and its apparent failure to search locations that are clearly likely to contain responsive information, demonstrate that ICE has failed to conduct an adequate search for responsive records as required by FOIA. Requestors respectfully request that ICE conduct an adequate search and immediately produce records responsive to the Request.

<sup>&</sup>lt;sup>1</sup> See Immigrant Defense Project, IDP Unveils New Statistics & Trends Detailing Statewide ICE Courthouse Arrests in 2017 (Dec. 31, 2017), available at https://www.immigrantdefenseproject.org/wp-content/uploads/ICE-Courthouse-Arrests-Stats-Trends-2017-Press-Release-FINAL.pdf.

# I. Background

Requestors' March 5, 2018 Request sought, among other things, any and all records prepared, received, transmitted, collected, and/or maintained by ICE's New York and Buffalo field offices that reflect:

- internal protocols regarding communication between the Department of Homeland Security ("DHS") and the New York State Office of Court Administration ("OCA") staff;
- policies, protocols, or trainings about courthouse arrests;
- information about enforcement incidents related to courthouse arrests;
- meetings between DHS staff and OCA staff;
- information regarding production of individuals held in ICE custody to any New York State law enforcement or correctional agency; and
- copies of certain DHS reporting requirements.

(See Exhibit A).

Requestors received ICE's acknowledgment of the Request on March 23, 2018 (attached hereto as Exhibit B). ICE stated that the Request sought "numerous documents" that would "necessitate a thorough and wide-ranging search," and committed to "make every effort to comply with [the] request in a timely manner."

Nearly three months later, on June 11, 2018, Requestors received ICE's formal response (attached hereto as Exhibit C). That response, signed by FOIA Officer Catrina M. Pavlik-Keenan, stated that after searching its Enforcement and Removal Operations ("ERO") division, ICE had identified only two pages responsive to the Request.

Requestors appeal the adequacy of ICE's search for records responsive to the Request. This appeal is being filed within 90 days of ICE's June 11, 2018 letter, as required by 6 C.F.R. § 5.8.

# II. ICE Failed to Conduct an Adequate Search

It is well-settled that, under 5 U.S.C. § 552(a)(3), agencies must conduct "a search reasonably calculated to uncover all relevant documents" in response to a FOIA request. *ACLU v. NSA*, 2017 WL 6387731, at \*3 (S.D.N.Y. Aug. 17, 2017) (quoting *Morley v. CIA*, 508 F.3d 1108, 1114 (D.C. Cir. 2007)); *see also Oglesby v. Army*, 920 F.2d 57, 68 (D.C. Cir. 1990) (agencies must make "a good faith effort to conduct a search for the requested records, using methods which can be reasonably expected to produce the information requested"). An adequate search requires both disclosure of responsive documents and the use of reasonable search methods to locate them. *See N.Y. Times Co. v. DOJ*, 756 F.3d 100, 124 (2d Cir. 2014). "Evidence that relevant records have not been released may shed light on whether the agency's search was indeed inadequate." *Nat'l Day Laborer Organizing Network v. ICE*, 877 F. Supp. 2d 87, 96 (S.D.N.Y. 2012) (quoting *Weisberg v. DOJ*, 705 F.2d 1344, 1351 (D.C. Cir. 1983)).

# A. ICE failed to disclose all responsive documents.

The inadequacy of ICE's search is evident first and foremost from its paltry results. Public documents make clear that courthouse arrests in New York and across the country have increased significantly over the past year.<sup>2</sup> Even ICE concedes courthouse arrests have become more frequent, based on its view that "safety risks" during such arrests are "substantially diminished," and it has gone to great lengths to attempt to justify this practice and its new courthouse arrest policy.<sup>3</sup> It is therefore inconceivable, given that ICE has responded to inquiries and criticism, addressed concerns raised by state courts, and created a new internal policy on courthouse arrests, that it created no records whatsoever in these processes. The fact that ICE produced no records relating to these activities—all clearly responsive to the Request—indicates that its search could not have been adequate.

Indeed, ICE's deficient response omits numerous responsive documents of which Requestors are aware. For example, the New York Chief Administrative Judge has stated publicly that ICE officials have "agreed, unofficially on a regional level" not to go into non-criminal courtrooms<sup>4</sup>, yet ICE's two-page production contains no evidence of this agreement whatsoever. It is implausible that ICE has neither generated nor maintained any materials reflecting such a significant and consequential policy decision. Nor has ICE disclosed responsive materials described by its own internal courthouse-arrest directives. Directive Number 11072.1 (attached hereto as Exhibit D), issued January 10, 2018, "sets forth [ICE] policy regarding civil immigration enforcement actions inside federal, state, and local courthouses." It states that:

- "[p]lanned civil immigration enforcement actions inside courthouses will be documented and approved consistent with current operational plans and field operations worksheet procedures. Enforcement and Removal Operations (ERO) and Homeland Security Investigations (HSI) may issue additional procedural guidance on reporting and documentation requirements"<sup>6</sup>;
- Field Office Directors "are responsible for . . . [p]roviding guidance to officers and agents on the approval process and procedures for civil immigration enforcement actions at courthouses in their area of responsibility beyond those outlined in this Directive"<sup>7</sup>;

<sup>&</sup>lt;sup>2</sup> See, e.g., Nancy Morawetz & Lindsay Nash, Get ICE Out of N.Y.'s Courtrooms, THE DAILY NEWS (Jan. 25, 2018), available at http://www.nydailynews.com/opinion/ice-n-y-s-courtrooms-article-l.3777389 (noting "a 1,100% increase in incidence of ICE courthouse arrests in New York in 2017 from the previous year").

<sup>&</sup>lt;sup>5</sup> Ex. D § 1.

<sup>&</sup>lt;sup>6</sup> *Id*. § 2.

<sup>&</sup>lt;sup>7</sup> *Id.* § 4.2.1.

- "ICE officers and agents will document the physical address of planned civil immigration enforcement actions in accordance with standard procedures for completing operational plans, noting that the target address is a courthouse" and
- "ICE maintains records generated pursuant to this policy, specifically the Field Operations Worksheets (FOW) and Enforcement Operation Plan (EOP). . . . The EOPs will be maintained within the Investigative Case Files."

Clearly, ICE officers and agents (including those in ICE's New York and Buffalo field offices) are required to document enforcement actions, yet none of the above-listed documents were disclosed, nor were any training materials identified in response to the Request.

Finally, ICE's disclosure here is clearly incomplete because it pales in comparison to other recent ICE disclosures responding to courthouse-arrest-records requests. For example, when asked for recent Colorado field office courthouse-arrest records, ICE produced a far more extensive response (attached hereto as Exhibit E) than the mere two pages it disclosed here. It cannot be that ICE's New York field offices, which are among the most active in the country, contain so few responsive records, while other field offices contain so many.

# B. ICE's search was not reasonably calculated to uncover all relevant documents.

ICE's conclusory response letter further demonstrates that its search for records responsive to the Request was inadequate. Despite its patently inadequate production, ICE offered no explanation of its search methodology or execution. But even without an explanation, it is clear ICE's search was inadequate because it did not search all divisions likely to have responsive records. See Nat'l Day Laborer Organizing Network, 877 F. Supp. 2d at 97 (search not adequate where ICE failed to search divisions likely to contain responsive records); see also Immigrant Defense Project v. ICE, 208 F. Supp. 3d 520, 531-32 (S.D.N.Y. 2016) (same). Requestors sought records prepared, received, transmitted, collected, or maintained by ICE's New York and Buffalo field offices. But ICE's response states that ICE searched only its ERO division. There is no indication that ICE conducted a meaningful search of any field office, much less the specific offices identified in the Request. See Roseberry-Andrews v. DHS, 299 F. Supp. 3d 9, 23 (D.D.C. 2018) (search not reasonable where agency failed to search office identified by requester as likely to contain responsive records). It also appears that ICE excluded from its search several divisions likely to have records transmitted or received by the New York and Buffalo field offices. These may include ERO subdivisions, such as:

• the Field Operations Division, which "oversees, directs, coordinates, and supports ERO's 24 field offices" 10;

<sup>&</sup>lt;sup>8</sup> *Id.* § 5.1.1.

<sup>&</sup>lt;sup>9</sup> *Id*. § 6.

<sup>&</sup>lt;sup>10</sup> U.S. Immigration and Customs Enforcement, Enforcement and Removal Operations, https://www.ice.gov/ero.

- the Special Operations Division, which "oversees and coordinates ERO's intelligence collection efforts, firearms training and protective equipment procurement, various tactical programs and communications efforts"<sup>11</sup>;
- the Domestic Operations Division, which "oversees, directs, and coordinates all ERO Field Operations activities throughout the nation's field offices and sub-offices"; 12 and
- the Law Enforcement Systems and Analysis Division, which "is responsible for helping inform the development of ERO strategies and supporting continuous enhancement of ERO business processes to execute those strategies."<sup>13</sup>

ICE divisions outside ERO also may have materials responsive to the Request. Such divisions may include:

- Homeland Security Investigations, which has personnel "assigned to cities throughout the United States," has "broad legal authority to enforce a broad array of federal statutes," including some related to immigration<sup>14</sup>, and has field offices in New York and Buffalo<sup>15</sup>; and
- ICE Management and Administration, which "identifies, develops and effectively communicates ICE's organizational priorities and policies to internal and external stakeholders." <sup>16</sup>

The foregoing are not meant to comprise an exhaustive list of additional sources likely to contain materials responsive to the Request. They are merely examples that demonstrate the inadequacy of ICE's search.

Accordingly, because ICE undeniably failed to produce all (or, effectively, any) responsive documents, and because ICE's search clearly was not reasonably calculated to uncover all relevant documents, it is beyond legitimate dispute that ICE did not conduct an adequate search in response to the Request.

Please provide a response to this appeal within the twenty days allowed by 5 U.S.C. § 552(a)(6)(A)(2). Thank you for your attention to this matter, and please do not hesitate to contact me if you have questions or would like clarification of the above request.

# RE: Freedom of Information Act Request

Dear U.S. Immigration and Customs Enforcement FOIA Unit:

The Kathryn O. Greenberg Immigration Justice Clinic ("Clinic") and the Immigrant Defense Project ("IDP") (collectively "Requestors") submit this letter as a request for information under the Freedom of Information ACT (FOIA), 5 U.S.C. § 552, et seq. We ask that this request be expedited pursuant to 5 U.S.C. § 552(a)(6)(E), and that we be granted a fee waiver pursuant to 5 U.S.C. § 552(a)(4)(A)(iii).

# Records Requested

Requestors seek disclosure of records related to civil immigration arrests by U.S. Immigration and Customs Enforcement ("ICE") agents that occur within, on the property of, or within two city blocks of New York State courthouses (hereinafter "courthouse arrests"). ## Request for Expedited Processing

Expedited processing is warranted because there is "an urgency to inform the public about an actual or alleged federal government activity," and the request is made by entities "primarily engaged in disseminating information." 5 U.S.C. § 552(a)(6)(E)(v)(II). This request demonstrates that both criteria are satisfied. 6 C.F.R. § 5.5(d)(3).

There is an urgent need to obtain the information sought in the instant request which, at this point, is not publicly available. The records described above would accurately reflect the scope, details, and policies regarding the phenomenon known colloquially as "courthouse arrests." The practice increased 1,100% from 2016 to 2017 and has had a documented chilling effect on access to justice for noncitizens throughout New York State. It is critical to obtain this information because information on the frequency of this type of arrest, agency policies, and ICE's working relationship with OCA will provide the public—including crucial stakeholders such as legal services lawyers, anti-violence advocates, and other participants in the court

<sup>&</sup>lt;sup>3</sup> Nancy Morawetz & Lindsay Nash, *Get ICE Out of N.Y.'s Courtrooms*, THE DAILY NEWS (Jan. 25, 2018), *available at* http://www.nydailynews.com/opinion/ice-n-y-s-courtrooms-article-1.3777389 ("As documented by the Immigrant Defense Project, there was a 1,100% increase in incidence of ICE courthouse arrests in New York in 2017 from the previous year.").

system—much needed clarity on the risks that individuals face when participating in court proceedings in New York State.

In light of the dramatic increase in arrests and ICE's official policy of conducting enforcement operations within and near courthouses, immigrant communities are suffering from immense fear about the risks of attending court as litigants, witnesses, or other attendees. This fear is compounded by the huge gaps in information about when and whether an interaction with the court system will result in arrest, detention, and deportation, all of which has led to significant declines in court participation by victims of domestic violence, sexual assault, and rape, posing a significant threat to public health and safety. Despite ICE's vague and standardless assertion that is agents will "generally" seek to avoid enforcement actions in areas that are dedicated to non-criminal proceedings, there have been numerous instances of such actions in New York State and nationally. Moreover, DHS's statements about this policy and practice are inconsistent and vague and provide little if any guidance to the public as to when ICE will conduct such an enforcement action. The only statistics on the frequency and type of these arrests are from self-reported data collected by IDP from advocates and attorneys practicing in counties across New York State, which is incomplete and in any event does not provide

are playing, and will lack information that is necessary to participate in the debate about these governmental activities.

The Requestors are "primarily engaged in disseminating information" and thus warrant expedited processing. 5 U.S.C. § 552(a)(6)(E)(v)(II); see also 6 C.F.R. § 5.5(d)(3). The Department of Homeland Security's ("DHS") regulations specifically provide that "information dissemination . . . need not be [a requestor's] sole occupation." 6 C.F.R. § 5.5(d)(3). IDP is an expert resource and advocacy organization that monitors the intersection of the criminal justice system and immigration system. <sup>14</sup> It disseminates information about these issues to policy makers, attorneys, the general public, and affected communities, and these materials routinely include information obtained through FOIA requests. <sup>15</sup> IDP publishes newsletters, know-your-rights pamphlets, and reports on immigration issues. <sup>16</sup> The Clinic is also primarily engaged in disseminating information and has published reports and other materials using records obtained via FOIA requests, <sup>17</sup> meaning that it is well positioned to analyze the records and has a demonstrated track record in doing so. As such, the Requestors meet the standard for expedited processing.

### Request of Waiver of Fees

The Requestors ask that all fees associated with this FOIA request be waived. We are entitled to a waiver of all costs because disclosure of the information is "likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requester." 5 U.S.C. § 552(a)(4)(A)(iii). See also 6 C.F.R. § 5.11(k) (records furnished without charge or at a reduced rate if the information is in the public interest, and disclosure is not in commercial interest of institution). In addition, the Requestors have the ability to widely disseminate the requested information. <sup>18</sup>

As described above, disclosure of the requested information will contribute significantly to public understanding of government operations and activities and decrease the level of

misunderstanding, confusion, and fear. *See supra* note 3-13. The records requested here relate directly to governmental operations or activities; all are directly traceable to a specific federal government initiative of performing federal civil immigration enforcement at courthouses. As noted, although this is an issue of intense public concern, there is virtually no information about, among other things, the relationship between OCA and DHS, the frequency and type of arrests, the mechanisms for ensuring that individuals who are arrested can continue to participate in their state court proceedings available to the public. *See supra* notes 3-12. Thus, the requested information would significantly enhance the public's understanding of courthouse arrests, and either provide a way to reduce the mass fear, panic, and confusion of immigrant and minority communities, or more effectively engage with the government about these practices. Given the obvious access-to-justice issues that the documented chilling effect on noncitizens throughout the state creates—not only for people in court proceedings, but also those who wish to participate in the New York court system, and those who rely on noncitizens as witnesses—it is critical that the public, including noncitizens and their attorneys, understand more about the scope and contours of this practice.

Requestors have undertaken this work in the public interest and not for any private commercial interest. The Clinic and IDP are not-for-profit organizations that do not seek to disseminate the information for the purpose of commercial gain. Requestors will make information responsive to this FOIA request available to the public, including the press, at no cost. Indeed, Requestors have a proven track-record of compiling and will disseminate newsworthy information obtained through this request. Accordingly, disclosure in this case meets the statutory criteria, and a fee waiver would fulfill Congress's legislative intent in amending FOIA. See Judicial Watch Inc. v. Rossotti, 326 F.3d 1310, 1312 (D.C. Cir. 2003) ("Congress amended FOIA to ensure that it be 'liberally construed in favor of waivers of noncommercial requesters'").

In the alternative, if a full fee waiver is not granted, Requestors seek all applicable reductions in fees pursuant to 6 C.F.R. § 5.11(d). Further, fees are limited to only reasonable duplication costs when the request is not for commercial purposes and "the request is made by an educational or noncommercial scientific institution." 5 U.S.C. § 522(a)(4)(A)(ii)(II). The Clinic, as an educational institution, requests that if the fee waiver is not granted, fees be limited to duplication costs only. Requestors further ask that, if no fee waiver is granted and the fees exceed \$200.00, the Agency please contact Requestors, through the undersigned counsel, to obtain consent to incur additional fees.

RE: ICE FOIA Case Number 2018-ICFO-25625

#### Dear Ms. NASH:

Τ

This acknowledges receipt of your Freedom of Information Act (FOIA) request to U.S. Immigration and Customs Enforcement (ICE), dated March 05, 2018, your request for a waiver of all assessable FOIA fees, and your request for expedited treatment. Your request was received in this office on March 05, 2018. Specifically, you requested records related to civil immigration arrests by U.S. Immigration and Customs Enforcement ("ICE") agents that occur within, on the property of, or within two city blocks of New York State courthouses (see request for specific details).

Due to the increasing number of FOIA requests received by this office, we may encounter some delay in processing your request. Per Section 5.5(a) of the DHS FOIA regulations, 6 C.F.R. Part 5, ICE processes FOIA requests according to their order of receipt. Although ICE's goal is to respond within 20 business days of receipt of your request, the FOIA does permit a 10-day extension of this time period. As your request seeks numerous documents that will necessitate a thorough and wide-ranging search, ICE will invoke a 10-day extension for your request, as allowed by Title 5 U.S.C. § 552(a)(6)(B). If you care to narrow the scope of your request, please contact our office. We will make every effort to comply with your request in a timely manner.

CE evaluates fee waiver requests under the legal standard set forth above and the fee waiver policy guidance issued by the Department of Justice on April 2, 1987, as incorporated into the Department of Homeland Security's Freedom of Information Act regulations [1]. These regulations set forth six factors to examine in determining whether the applicable legal standard for fee waiver has been met. I have considered the following factors in my evaluation of your request for a fee waiver:

- (1) Whether the subject of the requested records concerns "the operations or activities of the government";
- (2) Whether the disclosure is "likely to contribute" to an understanding of government operations or activities;

#### Case 1:19-cv-02520 Document 1-3 Filed 03/21/19 Page 19 of 59

- (3) Whether disclosure of the requested information will contribute to the understanding of the public at large, as opposed to the individual understanding of the requestor or a narrow segment of interested persons;
- (4) Whether the contribution to public understanding of government operations or activities will be "significant";
- (5) Whether the requester has a commercial interest that would be furthered by the requested disclosure; and
- (6) Whether the magnitude of any identified commercial interest to the requestor is sufficiently large in comparison with the public interest in disclosure, that disclosure is primarily in the commercial interest of the requestor.

Upon review of your request and a careful consideration of the factors listed above, I have determined to grant your request for a fee waiver.

Your request for expedited treatment is hereby denied.

Under the DHS FOIA regulations, expedited processing of a FOIA request is warranted if the request involves "circumstances in which the lack of expedited treatment could reasonably be expected to pose an imminent threat to the life or physical safety of an individual," 6 C.F.R. § 5.5(e)(1)(i), or "an urgency to inform the public about an actual or alleged federal government activity, if made by a person primarily engaged in disseminating information," 6 C.F.R. § 5.5(e)(l)(ii). Requesters seeking expedited processing must submit a statement explaining in detail the basis for the request, and that statement must be certified by the requester to be true and correct. 6 C.F.R. § 5.5(e)(3).

Your request for expedited processing is denied because you do not qualify for either category under 6 C.F.R. § 5.5(e)(1). You have not established that lack of expedited treatment in this case will pose an imminent threat to the life or physical safety of an individual. While you may be primarily engaged in the dissemination of information, you have not detailed with specificity why you feel there is an urgency to inform the public about the information you have requested. Qualifying urgency would need to exceed the public's right to know about government activity generally. You also did not offer sufficient supporting evidence of public interest that is any greater than the public's general interest in the information you have requested. Your letter was conclusory in nature and did not present any facts to justify a grant of expedited processing under the applicable standards.

If you deem the decision to deny expedited treatment of your request an adverse determination, you have the right to appeal. Should you wish to do so, you must send your appeal and a copy of this letter, within 90 days of the date of this letter following the procedures outlined in the DHS FOIA regulations at 6 C.F.R. Part 5 § 5.5(e)(2)., to

ICE has queried the appropriate program offices within ICE for responsive records. If any responsive records are located, they will be reviewed for determination of releasability. Please be assured that one of the processors in our office will respond to your request as expeditiously as possible. We appreciate your patience as we proceed with your request.

RE: ICE FOIA Case Number 2018-ICFO-25625

Dear Ms. NASH:

This letter is the final response to your Freedom of Information Act (FOIA) request to U.S. Immigration and Customs Enforcement (ICE), dated March 05, 2018. You have requested copies of the following records:

records related to civil immigration arrests by U.S. Immigration and Customs Enforcement ("ICE") agents that occur within, on the property of, or within two city blocks of New York State courthouses (see request for specific details)

ICE has considered your request under the FOIA, 5 U.S.C. § 552.

A search of the ICE Enforcement & Removal Operations (ERO) for records responsive to your request produced 2 pages that are responsive to your request. After review of those documents, I have determined that 0 pages will be released in their entirety. Portions of 2 pages will be withheld pursuant to Exemptions (b)(6), (b)(7)(C) of the FOIA as described below.

ICE has applied FOIA Exemptions 6 and 7(C) to protect from disclosure the names, e-mail addresses, and phone numbers of DHS employees contained within the documents.

**FOIA Exemption 6** exempts from disclosure personnel or medical files and similar files the release of which would cause a clearly unwarranted invasion of personal privacy. This requires a balancing of the public's right to disclosure against the individual's right to privacy. The privacy interests of the individuals in the records you have requested outweigh any minimal public interest in disclosure of the information. Any private interest you may have in that information does not factor into the aforementioned balancing test.

Page 2 of 3

FOIA Exemption 7(C) protects records or information compiled for law enforcement purposes that could reasonably be expected to constitute an unwarranted invasion of personal privacy. This exemption takes particular note of the strong interests of individuals, whether they are suspects, witnesses, or investigators, in not being unwarrantably associated with alleged criminal activity. That interest extends to persons who are not only the subjects of the investigation, but those who may have their privacy invaded by having their identities and information about them revealed in connection with an investigation. Based upon the traditional recognition of strong privacy interest in law enforcement records, categorical withholding of information that identifies third parties in law enforcement records is ordinarily appropriate. As such, I have determined that the privacy interest in the identities of individuals in the records you have requested clearly outweigh any minimal public interest in disclosure of the information. Please note that any private interest you may have in that information does not factor into this determination.

You have a right to appeal the above withholding determination. Should you wish to do so, you must send your appeal and a copy of this letter, within 90 days of the date of this letter following the procedures outlined in the DHS FOIA regulations at 6 C.F.R. Part 5 § 5.8, to:

U.S. Immigration and Customs Enforcement Office of the Principal Legal Advisor U.S. Department of Homeland Security 500 12th Street, S.W., Mail Stop 5900 Washington, D.C. 20536-5900

Your envelope and letter should be marked "FOIA Appeal." Copies of the FOIA and DHS regulations are available at www.dhs.gov/foia.

Provisions of FOIA allow DHS to charge for processing fees, up to \$25, unless you seek a waiver of fees. In this instance, because the cost is below the \$25 minimum, there is no charge.

If you need any further assistance or would like to discuss any aspect of your request, please contact the FOIA office and refer to FOIA case number 2018-ICFO-25625. You may send an email to ice-foia@ice.dhs.gov, call toll free (866) 633-1182, or you may contact our FOIA Public Liaison, Fernando Pineiro, in the same manner. Additionally, you have a right to right to seek dispute resolution services from the Office of Government Information Services (OGIS) which mediates disputes between FOIA requesters and Federal agencies as a non-exclusive alternative to litigation. If you are requesting access to your own records (which is considered a Privacy Act request), you should know that OGIS does not have the authority to handle requests made under the Privacy Act of 1974. You may contact OGIS as follows: Office of Government Information Services, National Archives and Records Administration, 8601 Adelphi Road-OGIS, College Park, Maryland 20740-6001, e-mail at ogis@nara.gov; telephone at 202-741-5770; toll free at 1-877-684-6448; or facsimile at 202-741-5769.

#### U.S. IMMIGRATION AND CUSTOMS ENFORCEMENT

**Directive Number 11072.1**: Civil Immigration Enforcement Actions Inside Courthouses

Issue Date: January 10, 2018 Effective Date: January 10, 2018

**Superseded:** None

Federal Enterprise Architecture Number: 306-112-002b

1. Purpose/Background. This Directive sets forth U.S. Immigration and Customs Enforcement (ICE) policy regarding civil immigration enforcement actions inside federal, state, and local courthouses. Individuals entering courthouses are typically screened by law enforcement personnel to search for weapons and other contraband. Accordingly, civil immigration enforcement actions taken inside courthouses can reduce safety risks to the public, targeted alien(s), and ICE officers and agents. When practicable, ICE officers and agents will conduct enforcement actions discreetly to minimize their impact on court proceedings.

Federal, state, and local law enforcement officials routinely engage in enforcement activity in courthouses throughout the country because many individuals appearing in courthouses for one matter are wanted for unrelated criminal or civil violations. ICE's enforcement activities in these same courthouses are wholly consistent with longstanding law enforcement practices, nationwide. And, courthouse arrests are often necessitated by the unwillingness of jurisdictions to cooperate with ICE in the transfer of custody of aliens from their prisons and jails.

2. Policy. ICE civil immigration enforcement actions inside courthouses include actions against specific, targeted aliens with criminal convictions, gang members, national security or public safety threats, aliens who have been ordered removed from the United States but have failed to depart, and aliens who have re-entered the country illegally after being removed, when ICE officers or agents have information that leads them to believe the targeted aliens are present at that specific location.

Aliens encountered during a civil immigration enforcement action inside a courthouse, such as family members or friends accompanying the target alien to court appearances or serving as a witness in a proceeding, will not be subject to civil immigration enforcement action, absent special circumstances, such as where the individual poses a threat to public safety or interferes with ICE's enforcement actions.<sup>1</sup>

<sup>&</sup>lt;sup>1</sup> ICE officers and agents will make enforcement determinations on a case-by-case basis in accordance with federal law and consistent with U.S. Department of Homeland Security (DHS) policy. *See* Memorandum from John Kelly, Secretary of Homeland Security, *Enforcement of the Immigration Laws to Serve the National Interest* (Feb. 20, 2017); Memorandum from John Kelly, Secretary of Homeland Security, *Implementing the President's Border Security and Immigration Enforcement Improvements Policies* (Feb. 20, 2017).

#### Case 1:19-cv-02520 Document 1-3 Filed 03/21/19 Page 27 of 59

#### FOR OFFICIAL USE ONLY

ICE officers and agents should generally avoid enforcement actions in courthouses, or areas within courthouses that are dedicated to non-criminal (e.g., family court, small claims court) proceedings. In those instances in which an enforcement action in the above situations is operationally necessary, the approval of the respective Field Office Director (FOD), Special Agent in Charge (SAC), or his or her designee is required.

Civil immigration enforcement actions inside courthouses should, to the extent practicable, continue to take place in non-public areas of the courthouse, be conducted in collaboration with court security staff, and utilize the court building's non-public entrances and exits.

Planned civil immigration enforcement actions inside courthouses will be documented and approved consistent with current operational plans and field operations worksheet procedures. Enforcement and Removal Operations (ERO) and Homeland Security Investigations (HSI) may issue additional procedural guidance on reporting and documentation requirements; such reporting and documentation shall not impose unduly restrictive requirements that operate to hamper or frustrate enforcement efforts.

As with any planned enforcement action, ICE officers and agents should exercise sound judgment when enforcing federal law and make substantial efforts to avoid unnecessarily alarming the public. ICE officers and agents will make every effort to limit their time at courthouses while conducting civil immigration enforcement actions.

This policy does not apply to criminal immigration enforcement actions inside courthouses, nor does it prohibit civil immigration enforcement actions inside courthouses.

- **3. Definition** The following definitions apply for the purposes of this Directive only.
- **3.1.** Civil immigration enforcement action. Action taken by an ICE officer or agent to apprehend, arrest, interview, or search an alien in connection with enforcement of administrative immigration violations.
- 4. Responsibilities.
- **4.1.** The **Executive Associate Directors** for **ERO** and **HSI** are responsible for ensuring compliance with the provisions of this Directive within his or her program office.
- **4.2. ERO FODs** and **HSI SACs** are responsible for:
  - 1) Providing guidance to officers and agents on the approval process and procedures for civil immigration enforcement actions at courthouses in their area of responsibility beyond those outlined in this Directive; and
  - 2) Ensuring civil immigration enforcement actions at courthouses are properly documented and reported, as prescribed in Section 5.1 of this Directive.

#### FOR OFFICIAL USE ONLY

- **4.3. ICE Officers and Agents** are responsible for complying with the provisions of this Directive and properly documenting and reporting civil immigration enforcement actions at courthouses, as prescribed in Section 5.1 of this Directive.<sup>2</sup>
- 5. Procedures/Requirements.
- **5.1.** Reporting Requirements.
  - 1) ICE officers and agents will document the physical address of planned civil immigration enforcement actions in accordance with standard procedures for completing operational plans, noting that the target address is a courthouse.<sup>3</sup>
  - 2) Unless otherwise directed by leadership, there will be no additional reporting requirements in effect for this Directive.
- **Recordkeeping.** ICE maintains records generated pursuant to this policy, specifically the Field Operations Worksheets (FOW) and Enforcement Operation Plan (EOP). ERO will maintain the FOW in accordance with the Fugitive Operations schedule DAA-0567-2015-0016. HSI will maintain EOPs in accordance with the Comprehensive Records Schedule N1-36-86-1/161.3. The EOPs will be maintained within the Investigative Case Files.
- 7. Authorities/References.
- **7.1.** DHS Directive 034-06, Department Reporting Requirements, October 23, 2015.
- **7.2.** DHS Instruction 034-06-001, Rev. 1, *Department Reporting Requirements*, March 28, 2017.
- **8. Attachments.** None.
- 9. No Private Right. This document provides only internal ICE policy guidance, which may be modified, rescinded, or superseded at any time without notice. It is not intended to, does not, and may not be relied upon to create any right or benefit, substantive or procedural, enforceable at law by any party in any administrative, civil, or criminal matter. Likewise, no limitations are placed by this guidance on the otherwise lawful enforcement or litigative prerogatives of ICE.

<sup>&</sup>lt;sup>2</sup> See also ICE Directive No. 10036.1, Interim Guidance Relating to Officer Procedure Following Enactment of VAWA 2005 (Jan. 22, 2007), for additional requirements regarding civil immigration enforcement actions against certain victims and witnesses conducted at courthouses.

There are some clarification issues that must be addressed by management before 1 am comfortable certifying that I fully understand the policy.
First and foremost, I would like to have a specific, written definition of " <u>At or Near</u> ". That's way too nebulous as it stands.
Second, much has been made about the VAWA policy guidance on courthouse enforcement actions; the actual policy prohibiting same seems pretty clear that the <u>enforcement oction is prohibited only when the subject of investigation is appearing for a case directly related to a pending/approved VAWA application.</u> I would like management to specifically articulate that the local policy is being deliberately expanded beyond that limited scope.
Respectfully submitted,

Team,
This is what we have in writing regarding court house arrests (among a few other things). I highlighted in yellow a specific guidance on Denver Courts: (b)(5);(b)(7)(E)
(b)(5);(b)(7)(E)  I am still working to get them to clarify in writing guidance on probation cases that happen to be connected or in the same building as a court house. Until we get it in writing, assume all probation offices at or near courthouse to fall under the guidance below. ANY case with a planned arrest at/near a court house will be discussed with your first line supervisor prior to action.
Notice the requirement to sign a "Verification Form" to assure we are all in compliance with the guidance and policy. Keep this email for your records.
Please ask questions and we'll do our best to get answers.
Thanks,

enforcement actions at or near courthouses will only take place against specific, targeted aliens with no a taken against family members or aliens accompanying the target to court. The Lindsey-Flanigan Courthouser is a cumbersome venue that does not easily conform to this guidance because of the public court in which many of our arrests are made. (b)(7)(E)	use in

This is the messaging I am making publicly to all stakeholders and I must be able to make that promise with a strong degree of conviction that Denver officers are abiding by HQ ERD and local FOD instructions.

Certain Victims, Witnesses, and Plaintiffs:

Absent special circumstances or aggravating circumstances such as egregious or violent criminal histories, aliens identified as , or known to be the immediate victim or witness to a crime will be given a greater level of deference and prosecutorial discretion before arresting or removing such an alien. It is often difficult to determine if a targeted alien is a victim, witness, or plaintiff, as these individual are under no obligation to self-identify or inform ICE of their status. Therefor it is incumbent upon each officer to diligently review cases carefully for indicators of such status, including conversations with attorneys of record when necessary.

#### VAWA

VAWA regulations protect certain self-identified abused or battered aliens or victims of domestic violence. In these very narrowly defined cases (guidance attached), special provisions must be followed by ICE ERO officers. In these cases, courthouses are defined as sensitive locations by regulation and must be treated as such. Likewise, ICE ERO officers must independently verify the removability of such aliens, and specific annotations must be made on the NTA prior to filing with EOIR.

Each of the policies discussed in this email are attached. First line supervisors and officers are required to read them carefully and sign the attached read-and-initial sheets (one sheet per office). Supervisors from each office will submit them to SFTO by COB May 19, 2017. AFODs may grant extensions for good cause at their discretion.

Subject: Guidance Update: Enforcement Actions at or Near Courthouses

This message provides important guidance concerning ERO enforcement actions at courthouses, and has been updated to incorporate the enforcement priorities as set forth in Secretary Johnson's November 20, 2014 memorandum, *Policies for the Apprehensian, Detention, and Removal of Undocumented Immigrants.*"

- Enforcement actions at or near courthouses will only be undertaken against:
  - CODE: P1A Priority #1(a): aliens engaged in or suspected of terrorism or espionage, or who otherwise pose a danger to national security;
  - CODE P1C Priority #1(c): aliens convicted of an offense for which an element was active
    participation in a criminal street gang, as defined in the November 20, 2014 Johnson memorandum;
  - CODE P1D Priority #1(d): aliens convicted of an offense classified as a felony in the convicting
    jurisdiction, other than a state or local offense for which an essential element was the alien's
    immigration history;
  - CODE PIE Priority #1(e): aliens convicted of an "aggravated felon," as that term is defined in section 101(a)(43) of the *Immigration and Nationality Act* at the time of the conviction.
- Enforcement actions at or near courthouses will only take place against specific, targeted aliens, rather
  than individuals who may be "collaterally" present, such as family members or friends who may
  accompany the target alien to court appearances or functions.
- Enforcement actions at or near courthouses will, wherever practicable: (1) take place outside public areas of the courthouse; (2) be conducted in collaboration with court security staff; and (3) utilize the court building's non-public entrances and exits.

Questions regarding this guidance may be directed to your chain of command.

### MLO Releases Two New Videos of ICE Officers in Denver Courts

#### Videos Raise New Questions about ICE's Tactics of Arresting Immigrants at Court

**Denver, CO** – This morning, the Meyer Law Office, PC released two disturbing new videos of undercover ICE officers arresting immigrants at the Denver Courthouse, flagrantly disregarding the <u>letter</u> that Denver public officials sent last month asking ICE to stop conducting courthouse arrests.

The Meyer Law Office, PC will conduct a press conference today to discuss these videos, their implications for immigrants to appear in Denver courts as witnesses, victims, or defendants, and the ongoing need for a proactive Denver sanctuary policy to protect sensitive locations:

**RE:** FOIA Appeal 2018-ICAP-00426, 2018-ICFO-25625

Dear Ms. Nash:

This is in response to your appeal dated August 17, 2018, appealing U.S. Immigration and Customs Enforcement's (ICE) response to your Freedom of Information Act (FOIA) request. Your FOIA request, dated March 5, 2018, sought records related to civil immigration arrests by ICE agents that occur within, on the property, or within two city blocks of New York State courthouses (see request for specific details).

By letter, dated June 11, 2018, ICE FOIA advised you that "[a] search of the ICE Office of Enforcement and Removal Operations (ERO) for records responsive to your request produced 2 pages that are responsive to your request." You appealed the adequacy of the search.

After a review of the administrative record, ICE has determined that new search(s) or, modifications to the existing search(s), could be made. We are therefore remanding your appeal to the ICE FOIA Office for processing and re-tasking to the appropriate agency/office(s) to obtain any responsive documents. The ICE FOIA Office will respond directly to you.

Should you have any questions regarding this appeal remand, please contact ICE at <u>ice-foia@dhs.gov</u>. In the subject line of the email please include the word "appeal," your appeal number, which is **2018-ICAP-00426**, and the FOIA case number, which is **2018-ICFO-25625**.

Sincerely,

/s/Ali Karzbo

> Re: <u>Freedom of Information Act Appeal No. 2018-ICAP-00426, ICE FOIA Case</u> No. 2018-ICFO-25625

Dear Sir or Madam,

We write on behalf of the Kathryn O. Greenberg Immigration Justice Clinic at the Benjamin N. Cardozo School of Law ("Clinic") and the Immigrant Defense Project ("IDP") (collectively "Requestors") in connection with the above referenced Freedom of Information Act ("FOIA") request (the "Request").

The Request, dated March 5, 2018, seeks records related to courthouse arrests by U.S. Immigration and Customs Enforcement ("ICE") personnel. On August 17, 2018, after receiving only two pages of records in response to the Request, Requestors appealed the adequacy of ICE's search. On August 21, 2018, ICE acknowledged the appeal.

On September 19, 2018, ICE advised it had "determined that new search(s) or, modifications to the existing search(s), could be made" and was "remanding [Requestors'] appeal to the ICE FOIA Office for processing and re-tasking to the appropriate agency/office(s) to obtain any responsive documents."

As the Request itself states, there remains "an urgent need to obtain the information sought in the [Request] which, at this point, is not publicly available." Requestors thus seek ICE's swift response. Please let us know promptly when we may expect the results of ICE's new or modified searches, and do not hesitate to contact me with any questions at mschock@omm.com or at (202) 383-5379.

From:  Sent:  To: Cc: Subject:  RE: Courthouse arrests
There are some clarification issues that must be addressed by management before 1 am comfortable certifying that I fully understand the policy.
First and foremost, I would like to have a specific, written definition of " <u>At or Near</u> ". That's way too nebulous as it stands.
Second, much has been made about the VAWA policy guidance on courthouse enforcement actions; the actual policy prohibiting same seems pretty clear that the <u>enforcement oction is prohibited only when the subject of investigation is appearing for a case directly related to a pending/approved VAWA application.</u> I would like management to specifically articulate that the local policy is being deliberately expanded beyond that limited scope.
Respectfully submitted,

Team,
This is what we have in writing regarding court house arrests (among a few other things). I highlighted in yellow a specific guidance on Denver Courts: (b)(5);(b)(7)(E)
(b)(5);(b)(7)(E)  I am still working to get them to clarify in writing guidance on probation cases that happen to be connected or in the same building as a court house. Until we get it in writing, assume all probation offices at or near courthouse to fall under the guidance below. ANY case with a planned arrest at/near a court house will be discussed with your first line supervisor prior to action.
Notice the requirement to sign a "Verification Form" to assure we are all in compliance with the guidance and policy. Keep this email for your records.
Please ask questions and we'll do our best to get answers.
Thanks,

Supervisors:
A few points of clarification that may have been lost during the transition between DHS Secretaries and policy shifts. Please hold a staff meeting to discuss the below and answer any questions from your respective officers.
Courthouse Arrests:
As discussed on the May 9, 2017, AOR call, I want to reiterate the importance of following previously established and published courthouse arrest guidance. Consistent with the original October 21, 2015, ERO Taskings from Assistant Director Jon Gurule, and subsequent guidance, enforcement actions at or near courthouses will only be undertaken against:
[*Priarity #1[a)]: aliens engaged in or suspected of terrorism or espionage, or who otherwise pose a danger to national security; (note that for courthouse arrests, public safety has been removed from Priority 1 definitions).
[*Priority #1[c)]: aliens convicted of an offense for which an element was active participation in a criminal street gang, as defined in the November 20, 2014 Johnson memorandum; (for this Priority, we focus on the active participation in a street gang, with or without a related conviction).
[*Priority #1(d)]: aliens convicted of an offense classified as a felony in the convicting jurisdiction, other than a state or local offense for which an essential element was the alien's immigration history;
[*Priority #1[e]): aliens convicted of an "aggravated felon," as that term is defined in section 101(a)(43) of the Immigration and Nationality Act at the time of the conviction.
For the sole purpose of the courthouse guidance, the spirit of the prior enforcement priorities noted above remain in place. I have left the Priority labels attached in this email.
Keeping FOD Longshore's guidance in place, surveillance is considered to be an enforcement action (attached).  [b)(7)(E)  Likewise,
enforcement actions at or near courthouses will only take place against specific, targeted aliens with no action taken against family members or aliens accompanying the target to court. The Lindsey-Flanigan Courthouse in
Denver is a cumbersome venue that does not easily conform to this guidance because of the public courtyard
in which many of our arrests are made. (b)(7)(E) (b)(7)(E)

This is the messaging I am making publicly to all stakeholders and I must be able to make that promise with a strong degree of conviction that Denver officers are abiding by HQ ERD and local FOD instructions.

Certain Victims, Witnesses, and Plaintiffs:

Absent special circumstances or aggravating circumstances such as egregious or violent criminal histories, aliens identified as , or known to be the immediate victim or witness to a crime will be given a greater level of deference and prosecutorial discretion before arresting or removing such an alien. It is often difficult to determine if a targeted alien is a victim, witness, or plaintiff, as these individual are under no obligation to self-identify or inform ICE of their status. Therefor it is incumbent upon each officer to diligently review cases carefully for indicators of such status, including conversations with attorneys of record when necessary.

#### VAWA

VAWA regulations protect certain self-identified abused or battered aliens or victims of domestic violence. In these very narrowly defined cases (guidance attached), special provisions must be followed by ICE ERO officers. In these cases, courthouses are defined as sensitive locations by regulation and must be treated as such. Likewise, ICE ERO officers must independently verify the removability of such aliens, and specific annotations must be made on the NTA prior to filing with EOIR.

Each of the policies discussed in this email are attached. First line supervisors and officers are required to read them carefully and sign the attached read-and-initial sheets (one sheet per office). Supervisors from each office will submit them to SFTO by COB May 19, 2017. AFODs may grant extensions for good cause at their discretion.

This message provides important guidance concerning ERO enforcement actions at courthouses, and has been updated to incorporate the enforcement priorities as set forth in Secretary Johnson's November 20, 2014 memorandum, *Policies for the Apprehensian, Detention, and Removal of Undocumented Immigrants.*"

- Enforcement actions at or near courthouses will only be undertaken against:
  - CODE: P1A Priority #1(a): aliens engaged in or suspected of terrorism or espionage, or who otherwise pose a danger to national security;
  - CODE P1C Priority #1(c): aliens convicted of an offense for which an element was active
    participation in a criminal street gang, as defined in the November 20, 2014 Johnson memorandum;
  - CODE P1D Priority #1(d): aliens convicted of an offense classified as a felony in the convicting
    jurisdiction, other than a state or local offense for which an essential element was the alien's
    immigration history;
  - CODE PIE Priority #1(e): aliens convicted of an "aggravated felon," as that term is defined in section 101(a)(43) of the Immigration and Nationality Act at the time of the conviction.
- Enforcement actions at or near courthouses will only take place against specific, targeted aliens, rather than individuals who may be "collaterally" present, such as family members or friends who may accompany the target alien to court appearances or functions.
- Enforcement actions at or near courthouses will, wherever practicable: (1) take place outside public areas of the courthouse; (2) be conducted in collaboration with court security staff; and (3) utilize the court building's non-public entrances and exits.

### MLO Releases Two New Videos of ICE Officers in Denver Courts

#### Videos Raise New Questions about ICE's Tactics of Arresting Immigrants at Court

**Denver, CO** – This morning, the Meyer Law Office, PC released two disturbing new videos of undercover ICE officers arresting immigrants at the Denver Courthouse, flagrantly disregarding the <u>letter</u> that Denver public officials sent last month asking ICE to stop conducting courthouse arrests.

The Meyer Law Office, PC will conduct a press conference today to discuss these videos, their implications for immigrants to appear in Denver courts as witnesses, victims, or defendants, and the ongoing need for a proactive Denver sanctuary policy to protect sensitive locations:
