SECTION 5:
ICE POLICIES AND PUBLIC STATEMENTS

BACKGROUND

ICE’s position on courthouse arrests, and how it can help persuade local policymakers to intervene on behalf of the state courts

Since Trump’s inauguration, ICE has made clear that it views courthouses as a preferred location for arrests, and that no immigrant is immune from arrest while attending court. ICE has consistently used the same rhetoric in its legal memoranda and public statements regarding courthouse arrests: they reflect this administration’s “zero tolerance” immigration policy, disrespect of the Constitution and law enforcement norms, and disregard for factors that make individuals, families, and communities particularly vulnerable.

ICE’s narrative regarding courthouse arrests relies on the criminalization of immigrant communities that is at the core of the Trump deportation agenda. Though the raids take place in states throughout the country, ICE uses the false narrative that courthouse arrests are required in jurisdictions that have passed sanctuary policies that limit local law enforcement collusion with ICE for individuals who have had contact in some way with the criminal legal system. In actuality, Trump’s ICE manipulates this notion to use courthouse raids as a mechanism for retaliation against jurisdictions that resist its mass deportation program and put the safety and well-being of their residents first.
On January 10, 2018, ICE issued Directive Number 11072.1, “Civil Immigration Enforcement Inside Courthouses,” its first formal, public policy on immigration enforcement actions inside courthouses and subsequently updated its FAQ on Sensitive Locations and Courthouse Arrests. IDP and the NYU Immigrant Rights Clinic have published an annotated version of the memo, that can be useful toward understanding its factual context. (See Annotated Directive 11072.1). This annotated version may also be useful in your advocacy campaigns, to answer questions that policymakers have about ICE’s legal position on courthouse arrests. For example, in New York we often had policymakers and judges ask if ICE regards family courts as sensitive locations, and if ICE will arrest crime victims. The Directive clearly states that ICE assumes the discretion to decide to go into family courts if it so chooses, with no additional process or internal review required for them to do so. It further creates no exception for crime victims. The Directive, which cross-references two of Trump’s most significant immigration-related Executive Orders, lays bare exactly how the Trump administration intends to use the state courts against immigrants.

RESOURCES

1. **Purpose/Background.** This Directive sets forth U.S. Immigration and Customs Enforcement (ICE) policy regarding civil immigration enforcement actions inside federal, state, and local courthouses. Individuals entering courthouses are typically screened by law enforcement personnel to search for weapons and other contraband. Accordingly, civil immigration enforcement actions taken inside courthouses can reduce safety risks to the public, targeted alien(s), and ICE officers and agents. When practicable, ICE officers and agents will conduct enforcement actions discreetly to minimize their impact on court proceedings.

Federal, state, and local law enforcement officials routinely engage in enforcement activity in courthouses throughout the country because many individuals appearing in courthouses for one matter are wanted for unrelated criminal or civil violations. ICE’s enforcement activities in these same courthouses are wholly consistent with longstanding law enforcement practices, nationwide. And, courthouse arrests are often necessitated by the unwillingness of jurisdictions to cooperate with ICE in the transfer of custody of aliens from their prisons and jails.

2. **Policy.** ICE civil immigration enforcement actions inside courthouses include actions against specific, targeted aliens with criminal convictions, gang members, national security or public safety threats, aliens who have been ordered removed from the United States but have failed to depart, and aliens who have re-entered the country illegally after being removed, when ICE officers or agents have information that leads them to believe the targeted aliens are present at that specific location.

Aliens encountered during a civil immigration enforcement action inside a courthouse, such as family members or friends accompanying the target alien to court appearances or serving as a witness in a proceeding, will not be subject to civil immigration enforcement action, absent special circumstances, such as where the individual poses a threat to public safety or interferes with ICE’s enforcement actions.¹

ICE officers and agents should generally avoid enforcement actions in courthouses, or areas within courthouses that are dedicated to non-criminal (e.g., family court, small claims court) proceedings. In those instances in which an enforcement action in the above situations is operationally necessary, the approval of the respective Field Office Director (FOD), Special Agent in Charge (SAC), or his or her designee is required.

Civil immigration enforcement actions inside courthouses should, to the extent practicable, continue to take place in non-public areas of the courthouse, be conducted in collaboration with court security staff, and utilize the court building’s non-public entrances and exits.

Planned civil immigration enforcement actions inside courthouses will be documented and approved consistent with current operational plans and field operations worksheet procedures. Enforcement and Removal Operations (ERO) and Homeland Security Investigations (HSI) may issue additional procedural guidance on reporting and documentation requirements; such reporting and documentation shall not impose unduly restrictive requirements that operate to hamper or frustrate enforcement efforts.

As with any planned enforcement action, ICE officers and agents should exercise sound judgment when enforcing federal law and make substantial efforts to avoid unnecessarily alarming the public. ICE officers and agents will make every effort to limit their time at courthouses while conducting civil immigration enforcement actions.

This policy does not apply to criminal immigration enforcement actions inside courthouses, nor does it prohibit civil immigration enforcement actions inside courthouses.

3. **Definition** The following definitions apply for the purposes of this Directive only.

3.1. **Civil immigration enforcement action.** Action taken by an ICE officer or agent to apprehend, arrest, interview, or search an alien in connection with enforcement of administrative immigration violations.

4. **Responsibilities.**

4.1. The Executive Associate Directors for **ERO** and **HSI** are responsible for ensuring compliance with the provisions of this Directive within his or her program office.

4.2. **ERO FODs** and **HSI SACs** are responsible for:

1) Providing guidance to officers and agents on the approval process and procedures for civil immigration enforcement actions at courthouses in their area of responsibility beyond those outlined in this Directive; and

2) Ensuring civil immigration enforcement actions at courthouses are properly documented and reported, as prescribed in Section 5.1 of this Directive.
4.3. **ICE Officers and Agents** are responsible for complying with the provisions of this Directive and properly documenting and reporting civil immigration enforcement actions at courthouses, as prescribed in Section 5.1 of this Directive.²

5. **Procedures/Requirements.**

5.1. **Reporting Requirements.**

1) ICE officers and agents will document the physical address of planned civil immigration enforcement actions in accordance with standard procedures for completing operational plans, noting that the target address is a courthouse.³

2) Unless otherwise directed by leadership, there will be no additional reporting requirements in effect for this Directive.

6. **Recordkeeping.** ICE maintains records generated pursuant to this policy, specifically the Field Operations Worksheets (FOW) and Enforcement Operation Plan (EOP). ERO will maintain the FOW in accordance with the Fugitive Operations schedule DAA-0567-2015-0016. HSI will maintain EOPs in accordance with the Comprehensive Records Schedule N1-36-86-1/161.3. The EOPs will be maintained within the Investigative Case Files.

7. **Authorities/References.**

7.2. DHS Instruction 034-06-001, Rev. 1, *Department Reporting Requirements*, March 28, 2017.

8. **Attachments.** None.

9. **No Private Right.** This document provides only internal ICE policy guidance, which may be modified, rescinded, or superseded at any time without notice. It is not intended to, does not, and may not be relied upon to create any right or benefit, substantive or procedural, enforceable at law by any party in any administrative, civil, or criminal matter. Likewise, no limitations are placed by this guidance on the otherwise lawful enforcement or litigative prerogatives of ICE.

---

</table>

<table>
<thead>
<tr>
<th>How does ICE decide where a specific enforcement action will take place? What factors are considered when making such a decision?</th>
</tr>
</thead>
<tbody>
<tr>
<td>Determinations regarding the manner and location of arrests are made on a case-by-case basis, taking into consideration all aspects of the situation, including the target’s criminal history, safety considerations, the viability of the leads on the individual’s whereabouts, and the nature of the prospective arrest location.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>What does ICE policy require for enforcement actions to be carried out at sensitive locations?</th>
</tr>
</thead>
<tbody>
<tr>
<td>Pursuant to ICE policy, enforcement actions are not to occur at or be focused on sensitive locations such as schools, places of worship, unless:</td>
</tr>
<tr>
<td>1. exigent circumstances exist;</td>
</tr>
<tr>
<td>2. other law enforcement actions have led officers to a sensitive location, or</td>
</tr>
<tr>
<td>3. prior approval is obtained from a designated supervisory official.</td>
</tr>
<tr>
<td>The policy is intended to guide ICE officers and agents’ actions when enforcing federal law at or focused on sensitive locations, to enhance the public understanding and trust, and to ensure that people seeking to participate in activities or utilize services provided at any sensitive location are free to do so, without fear or hesitation.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>What does ICE mean by the term “sensitive location”?</th>
</tr>
</thead>
<tbody>
<tr>
<td>Locations treated as sensitive locations under ICE policy would include, but are not be limited to:</td>
</tr>
<tr>
<td>- Schools, such as known and licensed daycares, pre-schools and other early learning programs; primary schools; secondary schools; post-secondary schools up to and including colleges and universities; as well as scholastic or education-related activities or events, and school bus stops that are marked and/or known to the officer, during periods when school children are present at the stop;</td>
</tr>
</tbody>
</table>
Medical treatment and health care facilities, such as hospitals, doctors’ offices, accredited health clinics, and emergent or urgent care facilities;

Places of worship, such as churches, synagogues, mosques, and temples;

Religious or civil ceremonies or observances, such as funerals and weddings; and

During a public demonstration, such as a march, rally, or parade.

### What is considered an enforcement action as it relates to sensitive locations?

Enforcement actions covered by this policy are apprehensions, arrests, interviews, or searches, and for purposes of immigration enforcement only, surveillance. Actions not covered by this policy include activities such as obtaining records, documents, and similar materials from officials or employees, providing notice to officials or employees, serving subpoenas, engaging in Student and Exchange Visitor Program (SEVP) compliance and certification visits, guarding or securing detainees, or participating in official functions or community meetings.

### Are sensitive locations located along the international border also protected?

The sensitive locations policy does not apply to operations that are conducted within the immediate vicinity of the international border, including the functional equivalent of the border. However, when situations arise that call for enforcement actions at or near a sensitive location within the immediate vicinity of the international border, including its functional equivalent, agents and officers are expected to exercise sound judgment and common sense while taking appropriate action, consistent with the goals of this policy.

Examples of operations within the immediate vicinity of the border are, but are not limited to, searches at ports of entry, activities undertaken where there is reasonable certainty that an individual just crossed the border, circumstances where ICE has maintained surveillance of a subject since crossing the border, and circumstances where ICE is operating in a location that is geographically further from the border but separated from the border by rugged and remote terrain.

### Will enforcement actions ever occur at sensitive locations?

Enforcement actions may occur at sensitive locations in limited circumstances, but will generally be avoided. ICE officers and agents may conduct an enforcement action at a sensitive location if there are exigent circumstances, if other law enforcement actions have led officers to a sensitive location, or with prior approval from an appropriate supervisory official.

### When may an enforcement action be carried out at a sensitive location without prior approval?

ICE officers and agents may carry out an enforcement action at a sensitive location without prior approval from a supervisor in exigent circumstances related to national security, terrorism, or public safety, or where there is an imminent risk of destruction of evidence material to an ongoing criminal case. When proceeding with an enforcement action under exigent circumstances, officers and agents must conduct themselves as discreetly as possible, consistent with officer and public safety, and make every effort to limit the time at or focused on the sensitive location.

### Are court houses considered a sensitive location and covered by the sensitive locations policy?

No. ICE does not view courthouses as a sensitive location.

### Where should I report an ICE enforcement action that I believe may be inconsistent with these policies?

There are a number of locations where an individual may lodge a complaint about a particular ICE enforcement action that may have taken place in violation of the sensitive locations policy. You may find...
Court House Arrests

Expand All  Collapse All

**Why has ICE issued a policy on enforcement actions inside courthouses?**

U.S. Immigration and Customs Enforcement has for some time had established practices in place related to civil immigration enforcement inside courthouses. However, the increasing unwillingness of some jurisdictions to cooperate with ICE in the safe and orderly transfer of targeted aliens inside their prisons and jails has necessitated additional at-large arrests, and ICE felt it was appropriate to more formally codify its practices in a policy directive that its law enforcement professionals and external stakeholders can consult when needed. It is important that such arrests, including those taking place inside courthouses, continue to be undertaken with the same level of professionalism and respect that ICE officers and agents are committed to exhibiting every day.

**Why does ICE feel it’s necessary to conduct enforcement inside a courthouse?**

Federal, state, and local law enforcement officials routinely engage in enforcement activity in courthouses throughout the country, as many individuals appearing in courthouses are wanted for unrelated criminal or civil violations. ICE’s enforcement activities in these same courthouses are wholly consistent with longstanding law enforcement practices nationwide. Courthouse arrests are often necessitated by the unwillingness of jurisdictions to cooperate with ICE in the transfer of custody of aliens from their prisons and jails. Further, many of the aliens ICE is targeting have taken affirmative measures to avoid detection by ICE officers. Individuals entering courthouses are typically screened by law enforcement personnel to search for weapons and other contraband. Accordingly, civil immigration enforcement actions taken inside courthouses can reduce safety risks to the public, targeted alien(s), and ICE officers and agents.

**Will all aliens be subject to arrest inside courthouses?**

ICE will not make civil immigration arrests inside courthouses indiscriminately. ICE civil immigration enforcement actions inside courthouses include actions against specific, targeted aliens with criminal convictions, gang members, national security or public safety threats, aliens who have been ordered removed from the United States but have failed to depart (fugitives), and aliens who have re-entered the country illegally after being removed, when ICE officers or agents have information that leads them to believe the targeted aliens are present at that specific location. Other aliens encountered during a civil immigration enforcement action inside a courthouse, such as family members or friends accompanying the target alien to court appearances or serving as a witness in a proceeding, will not be subject to civil immigration enforcement action, absent special circumstances, such as when the individual poses a threat to public safety or interferes with ICE’s enforcement actions.

**Is there any place in a courthouse where enforcement will not occur?**

ICE officers and agents will generally avoid enforcement actions in courthouses, or areas within courthouses, that are dedicated to non-criminal (e.g., family court, small claims court) proceedings. In those instances in which an enforcement action in such locations is operationally necessary, the approval of ICE’s office of mission support is required. This requirement applies equally to enforcement actions by the U.S. Marshals Service, and other federal, state, and local law enforcement agencies.
of the respective Field Office Director (FOD), Special Agent in Charge (SAC), or his or her designee is required.

<table>
<thead>
<tr>
<th>Is it legal to arrest suspected immigration violators at a courthouse?</th>
</tr>
</thead>
<tbody>
<tr>
<td>Yes. The arrest of persons in a public place based upon probable cause is legally permissible. ICE officers and agents are expressly authorized by statute to make arrests of aliens where probable cause exists to believe that such aliens are removable from the United States.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Why does ICE make arrests at courthouses? Are these planned ahead of time?</th>
</tr>
</thead>
<tbody>
<tr>
<td>ICE, like other federal, state, and local law enforcement agencies, makes arrests at courthouses to ensure the laws within the agency’s jurisdiction are enforced in a safe and efficient manner. ICE arrests at courthouses are the result of targeted enforcement actions against specific aliens. As with all planned enforcement actions, ICE officers exercise sound judgment when enforcing federal law and make substantial efforts to avoid unnecessarily alarming the public. Consistent with officer and public safety, ICE officers also make every effort to limit the time spent at the planned place of arrest.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Why do courthouse arrests seem to be occurring more frequently?</th>
</tr>
</thead>
<tbody>
<tr>
<td>In years past, most individuals arrested at a courthouse would have been turned over to ICE by local authorities upon their release from a prison or jail based on an ICE detainer. When criminal custody transfers occur inside the secure confines of a jail or prison, it is far safer for everyone involved, including officers and the person being arrested. Now that some law enforcement agencies no longer honor ICE detainers or limit ICE’s access to their detention facilities, these aliens, many of whom have serious criminal histories, are released to the street, threatening public safety. Because courthouse visitors are typically screened upon entry to search for weapons and other contraband, the safety risks for the arresting officers, the arrestee, and members of the community are substantially diminished. In such instances, ICE officers and agents make every effort to take the person into custody in a secure area, out of public view, but this is not always possible. Further, when these arrests do occur, ICE makes every effort to ensure that the arrest occurs after the matter for which the alien was appearing in court has concluded.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Are there other advantages to arresting criminals and fugitives at a courthouse?</th>
</tr>
</thead>
<tbody>
<tr>
<td>Yes, when ICE officers and agents have to go out into the community to proactively locate these aliens, regardless of the precautions taken, it puts personnel and potentially innocent bystanders at risk. Moreover, tracking down priority targets is highly resource-intensive. It is not uncommon for criminal aliens and fugitives to utilize multiple aliases, provide authorities with false addresses, and be working illegally with fraudulent documentation or “off the books.” Absent a viable residential address or place of employment, a courthouse may afford the most likely opportunity to locate a target and take him or her into custody.</td>
</tr>

Last Reviewed/Updated: 01/31/2018
ICE Directive 11072.1: Civil Immigration Enforcement Inside Courthouses

Annotations by the Immigrant Defense Project and the NYU Immigrant Rights Clinic

On January 10, 2018, ICE issued its first formal, public policy memo on immigration enforcement actions inside courthouses and subsequently updated its FAQ on Sensitive Locations and Courthouse Arrests. The Immigrant Defense Project and NYU Immigrant Rights Clinic have published this annotated document in order to provide legal and factual context for ICE’s new directive. Several chief justices and the American Bar Association called on ICE to add courthouses to its list of “sensitive locations.” This directive indicates that ICE is ignoring those requests and will continue to target immigrants in courthouses regardless of their impact on access to justice, public safety, or the operation of state courts.

For additional resources, including a sample amicus brief that can be used to defend immigrants in deportation proceedings see IDP’s ICE Out of the Courts page.

1. Purpose/Background. This Directive sets forth U.S. Immigration and Customs Enforcement (ICE) policy regarding civil immigration enforcement actions inside federal, state, and local courthouses.

“Civil immigration enforcement” presumably refers to courthouse arrests by ICE agents to begin deportation proceedings. This unlawful practice has been on the rise under the Trump administration. Several jurisdictions have reported spikes in courthouse arrests, including New York, which saw an 1100% increase from 2016 to 2017.

As legal scholars have noted, these arrests are not only bad policy, they are against the law. ICE’s courthouse arrests interfere with the constitutional right to access courts, and encroach on state courthouses in violation of the 10th Amendment. These courthouse arrests also violate a long-standing common law tradition against civil arrests in courthouses. For more on why these arrests are unlawful, visit IDP’s Legal Resources page.

Individuals entering courthouses are typically screened by law enforcement personnel to search for weapons and other contraband. Accordingly, civil immigration enforcement actions taken inside courthouses can reduce safety risks to the public, targeted alien(s), and ICE officers and agents.

ICE’s view of safety is self-serving. Under the Trump administration, the vast majority of noncitizens are viewed as a potential threat to public safety. Courthouse arrests do not increase safety, but clearly increase fear and confusion, and interfere with the effective administration of state courts. Findings from a national survey, as well as surveys in New York, New Jersey, and California, demonstrate that these arrests make victims of violence feel less safe and cut them off from the protections they need from courts. As numerous District Attorneys and State Attorneys General have warned, when noncitizens are afraid to attend court, the entire community is less safe.
When practicable, ICE officers and agents will conduct enforcement actions discreetly to minimize their impact on court proceedings.

Multiple accounts, including videos of ICE courthouse arrests, often reflect excessive force and a clear lack of discretion. Moreover, what ICE describes as “discreet” contrasts with commonly held understandings of that term. ICE officers secretly patrol courthouses in plain clothes, hide their badges, and often refuse to answer questions from attorneys or press about who they are or why they’re there. This only magnifies the impact on court proceedings by creating widespread confusion and fear.

Federal, state, and local law enforcement officials routinely engage in enforcement activity in courthouses throughout the country because many individuals appearing in courthouses for one matter are wanted for unrelated criminal or civil violations. ICE’s enforcement activities in these same courthouses are wholly consistent with longstanding law enforcement practices, nationwide.

ICE’s civil arrests are entirely different from arrests carried out by criminal law enforcement agencies. It is not routine for civil arrests to be made in courthouses. In fact, they violate a centuries old common law tradition against civil arrests in courthouses. It is particularly unusual for a federal civil enforcement agency to encroach on the administration of state courts—a core state function. This ICE practice violates the basic principle of federalism.

In addition, ICE operates pursuant to “administrative warrants” which can be issued by a wide range of ICE officers, in comparison to criminal warrants which are reviewed or issued by a judge. Administrative warrants do not satisfy the requirements of the 4th Amendment.

And, courthouse arrests are often necessitated by the unwillingness of jurisdictions to cooperate with ICE in the transfer of custody of aliens from their prisons and jails.

ICE openly frames this issue as retaliation against localities which have opposed the entanglement between immigration and local law enforcement. The Trump administration’s intention to undermine efforts to protect immigrant rights must not impede the functioning of state courthouses. ICE’s reasoning also falls flat because ICE makes courthouse arrests in jurisdictions that fully cooperate with ICE detainers.

Courthouse arrests are not “necessary” – they just make it easier for ICE to arrest immigrants. ICE can easily track individuals to their court appearances through the many databases they have access to. Even though doing so endangers the administration of justice, ICE is taking advantage of the fact that immigrants are either required to go to court or are seeking protection from the court.

2. **Policy.** ICE civil immigration enforcement actions inside courthouses include actions against specific, targeted aliens with criminal convictions, gang members, national security or public safety
threats, aliens who have been ordered removed from the United States but have failed to depart, and aliens who have re-entered the country illegally after being removed, when ICE officers or agents have information that leads them to believe the targeted aliens are present at that specific location.

ICE makes this policy vague and open-ended by using the term “include,” leaving the door open to actions against a much bigger group of immigrants. A few of the “specific, targeted aliens” that ICE has gone after in courts include a U.S. citizen who is a county employee, a DACA recipient with no criminal charges who was in traffic court, victims of human trafficking, a father asking for custody of his three children, and a woman seeking a protective order against her abusive ex-boyfriend.

This policy only addresses ICE arrests inside courthouses – arrests targeting noncitizens who are entering or leaving courthouses are also common, and not addressed by this policy. As centuries of common law establish, these arrests are just as impermissible as those that take place inside the courthouse doors – they do just as much to instill fear in the immigrant community and interfere with the court’s administration of justice.

Aliens encountered during a civil immigration enforcement action inside a courthouse, such as family members or friends accompanying the target alien to court appearances or serving as a witness in a proceeding, will not be subject to civil immigration enforcement action, absent special circumstances, such as where the individual poses a threat to public safety or interferes with ICE’s enforcement actions.1

ICE could have issued a bright line rule protecting witnesses and family members, but instead this policy allows arrests under “special circumstances” which are illustrated by examples but not fully defined. This does not do enough to ensure the safety of witnesses and family and friends attending court. To make matters worse, DHS officials have previously explicitly announced that victims and witnesses are not safe from arrest in courthouses. The chilling effect on victims and witnesses who are fearful to appear in court has led prosecutors across the country, including NY's Attorney General, NYC District Attorneys, the Denver City Attorney, and a dozen California prosecutors, to speak out against ICE’s courthouse arrests.

1 ICE officers and agents will make enforcement determinations on a case-by-case basis in accordance with federal law and consistent with U.S. Department of Homeland Security (DHS) policy. See Memorandum from John Kelly, Secretary of Homeland Security, Enforcement of the Immigration Laws to Serve the National Interest (Feb. 20, 2017); Memorandum from John Kelly, Secretary of Homeland Security, Implementing the President's Border Security and Immigration Enforcement Improvements Policies (Feb. 20, 2017). Reliance on these memos contradicts ICE’s purported commitment to avoiding collateral arrests. The cited documents are the Department of Homeland Security’s blueprints for carrying out President Trump’s Executive Orders. Reflecting the President’s commitment to sweeping immigration enforcement, these memos pledge to no longer “exempt classes or categories of removable aliens from potential enforcement.” By citing these broadly worded memos, ICE is giving itself complete discretion in making “case-by-case” determinations about arresting witnesses, family or friends at courthouses.
ICE officers and agents should generally avoid enforcement actions in courthouses, or areas within courthouses that are dedicated to non-criminal (e.g., family court, small claims court) proceedings. In those instances in which an enforcement action in the above situations is operationally necessary, the approval of the respective Field Office Director (FOD), Special Agent in Charge (SAC), or his or her designee is required.

Under this policy, arrests in family court and other civil courts will be allowed to continue when it is deemed “operationally necessary,” a completely vague standard to be determined at will by ICE. Practically speaking, this policy is also misguided because different courts are often housed in the same or adjacent courthouses. When an immigrant parent seeking child support sees ICE outside of a courthouse housing both family and criminal courts, this Directive isn’t going to quell her fears.

More fundamentally, this provision is based on a troubling misunderstanding of the constitution. The right to access courts applies to both criminal and civil court proceedings – it is not more permissible to target people in criminal court. ICE mischaracterizes people appearing in criminal court as “criminals and fugitives.” In fact, the noncitizens ICE is targeting are those who face criminal charges and choose to appear in court to defend themselves against these charges. They have a constitutional right to be in the courthouse.

Civil immigration enforcement actions inside courthouses should, to the extent practicable, continue to take place in non-public areas of the courthouse, be conducted in collaboration with court security staff, and utilize the court building’s non-public entrances and exits.

Using non-public areas of the court allows ICE to hide its actions from the public, interfere with attorney-client communications, and pull a veil over its unlawful practices. In one Brooklyn operation, ICE agents arrested a man in a courthouse and quickly led him to a restricted area where his attorney was denied access.

ICE also affirms that it depends on court staff collusion. This means that ICE is taking advantage of state resources to do their dirty work. This violates the anti-commandeering principle, which says that the federal government cannot force states to enforce its policies. Immigration law does not and cannot authorize this kind of federal overstepping. And when immigrants see court officers helping ICE, it damages the community’s trust in the state court system.

Planned civil immigration enforcement actions inside courthouses will be documented and approved consistent with current operational plans and field operations worksheet procedures. Enforcement and Removal Operations (ERO) and Homeland Security Investigations (HSI) may issue additional procedural guidance on reporting and documentation requirements; such reporting and documentation shall not impose unduly restrictive requirements that operate to hamper or frustrate enforcement efforts.
As with any planned enforcement action, ICE officers and agents should exercise sound judgment when enforcing federal law and make substantial efforts to avoid unnecessarily alarming the public. ICE officers and agents will make every effort to limit their time at courthouses while conducting civil immigration enforcement actions. This policy does not apply to criminal immigration enforcement actions inside courthouses, nor does it prohibit civil immigration enforcement actions inside courthouses.

Most immigration offenses are civil offenses, but some, such as unlawful reentry, are considered criminal offenses. The Trump Administration has announced its intention to widely prosecute criminal immigration offenses. This directive is focused solely on civil offenses, and makes clear that ICE feels justified in entering courthouses even where the arrest is not based on any violation of criminal law.

3. Definition The following definitions apply for the purposes of this Directive only.

3.1. Civil immigration enforcement action. Action taken by an ICE officer or agent to apprehend, arrest, interview, or search an alien in connection with enforcement of administrative immigration violations.

4. Responsibilities.

4.1. The Executive Associate Directors for ERO and HSI are responsible for ensuring compliance with the provisions of this Directive within his or her program office.

4.2. ERO FODs and HSI SACs are responsible for:
   1) Providing guidance to officers and agents on the approval process and procedures for civil immigration enforcement actions at courthouses in their area of responsibility beyond those outlined in this Directive; and
   2) Ensuring civil immigration enforcement actions at courthouses are properly documented and reported, as prescribed in Section 5.1 of this Directive.

4.3 ICE Officers and Agents are responsible for complying with the provisions of this Directive and properly documenting and reporting civil immigration enforcement actions at courthouses, as prescribed in Section 5.1 of this Directive.²

5. Procedures/Requirements.

5.1. Reporting Requirements.

² See also ICE Directive No. 10036.1, Interim Guidance Relating to Officer Procedure Following Enactment of VAWA 2005 (Jan. 22, 2007), for additional requirements regarding civil immigration enforcement actions against certain victims and witnesses conducted at courthouses. This memo references the statutory requirement in 8 U.S.C. § 1229(e)(2) that for certain arrests, including some courthouse arrests, DHS must issue a written certification that it did not rely on a tip from a domestic abuser. DHS rarely, if ever, complies with this legal requirement.
1) ICE officers and agents will document the physical address of planned civil immigration enforcement actions in accordance with standard procedures for completing operational plans, noting that the target address is a courthouse.³
2) Unless otherwise directed by leadership, there will be no additional reporting requirements in effect for this Directive.

6. **Recordkeeping.** ICE maintains records generated pursuant to this policy, specifically the Field Operations Worksheets (FOW) and Enforcement Operation Plan (EOP). ERO will maintain the FOW in accordance with the Fugitive Operations schedule DAA-0567-2015-0016. HSI will maintain EOPs in accordance with the Comprehensive Records Schedule N1-36-86-1/161.3. The EOPs will be maintained within the Investigative Case Files.

7. **Authorities/References.**

7.2. DHS Instruction 034-06-001, Rev. 1, *Department Reporting Requirements*, March 28, 2017.

8. **Attachments.** None.

9. **No Private Right.** This document provides only internal ICE policy guidance, which may be modified, rescinded, or superseded at any time without notice. It is not intended to, does not, and may not be relied upon to create any right or benefit, substantive or procedural, enforceable at law by any party in any administrative, civil, or criminal matter. Likewise, no limitations are placed by this guidance on the otherwise lawful enforcement or litigative prerogatives of ICE.

FROM: John Kelly
Secretary

SUBJECT: Implementing the President’s Border Security and Immigration Enforcement Improvements Policies

This memorandum implements the Executive Order entitled “Border Security and Immigration Enforcement Improvements,” issued by the President on January 25, 2017, which establishes the President’s policy regarding effective border security and immigration enforcement through faithful execution of the laws of the United States. It implements new policies designed to stem illegal immigration and facilitate the detection, apprehension, detention, and removal of aliens who have no lawful basis to enter or remain in the United States. It constitutes guidance to all Department personnel, and supersedes all existing conflicting policy, directives, memoranda, and other guidance regarding this subject matter—to the extent of the conflict—except as otherwise expressly stated in this memorandum.

The President has determined that the lawful detention of aliens arriving in the United States and deemed inadmissible or otherwise described in section 235(b) of the Immigration and Nationality Act (INA) pending a final determination of whether to order them removed, including determining eligibility for immigration relief, is the most efficient means by which to enforce the immigration laws at our borders. Detention also prevents such aliens from committing crimes while at large in the United States, ensures that aliens will appear for their removal proceedings, and substantially increases the likelihood that aliens lawfully ordered removed will be removed.

These policies are consistent with INA provisions that mandate detention of such aliens and allow me or my designee to exercise discretionary parole authority pursuant to section 212(d)(5) of the INA only on a case-by-case basis, and only for urgent humanitarian reasons or significant public benefit. Policies that facilitate the release of removable aliens apprehended at and between the ports of entry, which allow them to abscond and fail to appear at their removal hearings, undermine the border security mission. Such policies, collectively referred to as “catch-and-release,” shall end.

Accordingly, effective upon my determination of (1) the establishment and deployment of a joint plan with the Department of Justice to surge the deployment of immigration judges and asylum officers to interview and adjudicate claims asserted by recent border entrants; and, (2) the establishment of appropriate processing and detention facilities, U.S. Customs and Border Protection (CBP) and U.S. Immigration and Customs Enforcement (ICE) personnel should only release from detention an alien detained pursuant to section 235(b) of the INA, who was apprehended or encountered after illegally entering or attempting to illegally enter the United States, in the following situations on a case-by-case basis, to the extent consistent with applicable statutes and regulations:

1. When removing the alien from the United States pursuant to statute or regulation;

2. When the alien obtains an order granting relief or protection from removal or the Department of Homeland Security (DHS) determines that the individual is a U.S. citizen, national of the United States, or an alien who is a lawful permanent resident, refugee, asylee, holds temporary protected status, or holds a valid immigration status in the United States;

3. When an ICE Field Office Director, ICE Special Agent-in-Charge, U.S. Border Patrol Sector Chief, CBP Director of Field Operations, or CBP Air & Marine Operations Director consents to the alien’s withdrawal of an application for admission, and the alien contemporaneously departs from the United States;

4. When required to do so by statute, or to comply with a binding settlement agreement or order issued by a competent judicial or administrative authority;
5. When an ICE Field Office Director, ICE Special Agent-in-Charge, U.S. Border Patrol Sector Chief, CBP Director of Field Operations, or CBP Air & Marine Operations Director authorizes the alien’s parole pursuant to section 212(d)(5) of the INA with the written concurrence of the Deputy Director of ICE or the Deputy Commissioner of CBP, except in exigent circumstances such as medical emergencies where seeking prior approval is not practicable. In those exceptional instances, any such parole will be reported to the Deputy Director or Deputy Commissioner as expeditiously as possible; or

6. When an arriving alien processed under the expedited removal provisions of section 235(b) has been found to have established a “credible fear” of persecution or torture by an asylum officer or an immigration judge, provided that such an alien affirmatively establishes to the satisfaction of an ICE immigration officer his or her identity, that he or she presents neither a security risk nor a risk of absconding, and provided that he or she agrees to comply with any additional conditions of release imposed by ICE to ensure public safety and appearance at any removal hearings.

To the extent current regulations are inconsistent with this guidance, components will develop or revise regulations as appropriate. Until such regulations are revised or removed, Department officials shall continue to operate according to regulations currently in place.

As the Department works to expand detention capabilities, detention of all such individuals may not be immediately possible, and detention resources should be prioritized based upon potential danger and risk of flight if an individual alien is not detained, and parole determinations will be made in accordance with current regulations and guidance. See 8 C.F.R. §§ 212.5, 235.3. This guidance does not prohibit the return of an alien who is arriving on land to the foreign territory contiguous to the United States from which the alien is arriving pending a removal proceeding under section 240 of the INA consistent with the direction of an ICE Field Office Director, ICE Special Agent-in-Charge, CBP Chief Patrol Agent, or CBP Director of Field Operations.

**B. Hiring More CBP Agents/Officers**

CBP has insufficient agents/officers to effectively detect, track, and apprehend all aliens illegally entering the United States. The United States needs additional agents and officers to ensure complete operational control of the border. Accordingly, the Commissioner of CBP shall—while ensuring consistency in training and standards—immediately begin the process of hiring 5,000 additional Border Patrol agents, as well as 500 Air & Marine Agents/Officers, subject to the availability of resources, and take all actions necessary to ensure that such agents/officers enter on duty and are assigned to appropriate duty stations, including providing for the attendant resources and additional personnel necessary to support such agents, as soon as practicable.

Human Capital leadership in CBP and ICE, in coordination with the Under Secretary for
Management, Chief Financial Officer, and Chief Human Capital Officer, shall develop hiring plans that balance growth and interagency attrition by integrating workforce shaping and career paths for incumbents and new hires.

C. Identifying and Quantifying Sources of Aid to Mexico

The President has directed the heads of all executive departments to identify and quantify all sources of direct and indirect Federal aid or assistance to the Government of Mexico. Accordingly, the Under Secretary for Management shall identify all sources of direct or indirect aid and assistance, excluding intelligence activities, from every departmental component to the Government of Mexico on an annual basis, for the last five fiscal years, and quantify such aid or assistance. The Under Secretary for Management shall submit a report to me reflecting historic levels of such aid or assistance provided annually within 30 days of the date of this memorandum.

D. Expansion of the 287(g) Program in the Border Region

Section 287(g) of the INA authorizes me to enter into a written agreement with a state or political subdivision thereof, for the purpose of authorizing qualified officers or employees of the state or subdivision to perform the functions of an immigration officer in relation to the investigation, apprehension, or detention of aliens in the United States. This grant of authority, known as the 287(g) Program, has been a highly successful force multiplier that authorizes state or local law enforcement personnel to perform all law enforcement functions specified in section 287(a) of the INA, including the authority to investigate, identify, apprehend, arrest, detain, transport and conduct searches of an alien for the purposes of enforcing the immigration laws. From January 2006 through September 2015, the 287(g) Program led to the identification of more than 402,000 removable aliens, primarily through encounters at local jails.

Empowering state and local law enforcement agencies to assist in the enforcement of federal immigration law is critical to an effective enforcement strategy. Aliens who engage in criminal conduct are priorities for arrest and removal and will often be encountered by state and local law enforcement officers during the course of their routine duties. It is in the interest of the Department to partner with those state and local jurisdictions through 287(g) agreements to assist in the arrest and removal of criminal aliens.

To maximize participation by state and local jurisdictions in the enforcement of federal immigration law near the southern border, I am directing the Director of ICE and the Commissioner of CBP to engage immediately with all willing and qualified law enforcement jurisdictions that meet all program requirements for the purpose of entering into agreements under 287(g) of the INA.

The Commissioner of CBP and the Director of ICE should consider the operational functions and capabilities of the jurisdictions willing to enter into 287(g) agreements and structure such agreements in a manner that employs the most effective enforcement model for that jurisdiction, including the jail enforcement model, task force officer model, or joint jail enforcement-task force officer model. In furtherance of my direction herein, the Commissioner of
CBP is authorized, in addition to the Director of ICE, to accept state services and take other actions as appropriate to carry out immigration enforcement pursuant to 287(g).

E. Commissioning a Comprehensive Study of Border Security

The Under Secretary for Management, in consultation with the Commissioner of CBP, Joint Task Force (Border), and Commandant of the Coast Guard, is directed to commission an immediate, comprehensive study of the security of the southern border (air, land and maritime) to identify vulnerabilities and provide recommendations to enhance border security. The study should include all aspects of the current border security environment, including the availability of federal and state resources to develop and implement an effective border security strategy that will achieve complete operational control of the border.

F. Border Wall Construction and Funding

A wall along the southern border is necessary to deter and prevent the illegal entry of aliens and is a critical component of the President’s overall border security strategy. Congress has authorized the construction of physical barriers and roads at the border to prevent illegal immigration in several statutory provisions, including section 102 of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996, as amended, 8 U.S.C. § 1103 note.

Consistent with the President’s Executive Order, the will of Congress and the need to secure the border in the national interest, CBP, in consultation with the appropriate executive departments and agencies, and nongovernmental entities having relevant expertise—and using materials originating in the United States to the maximum extent permitted by law—shall immediately begin planning, design, construction and maintenance of a wall, including the attendant lighting, technology (including sensors), as well as patrol and access roads, along the land border with Mexico in accordance with existing law, in the most appropriate locations and utilizing appropriate materials and technology to most effectively achieve operational control of the border.

The Under Secretary for Management, in consultation with the Commissioner of CBP shall immediately identify and allocate all sources of available funding for the planning, design, construction and maintenance of a wall, including the attendant lighting, technology (including sensors), as well as patrol and access roads, and develop requirements for total ownership cost of this project, including preparing Congressional budget requests for the current fiscal year (e.g., supplemental budget requests) and subsequent fiscal years.

G. Expanding Expedited Removal Pursuant to Section 235(b)(1)(A)(iii)(I) of the INA

It is in the national interest to detain and expeditiously remove from the United States aliens apprehended at the border, who have been ordered removed after consideration and denial of their claims for relief or protection. Pursuant to section 235(b)(1)(A)(i) of the INA, if an immigration officer determines that an arriving alien is inadmissible to the United States under
section 212(a)(6)(C) or section 212(a)(7) of the INA, the officer shall, consistent with all applicable laws, order the alien removed from the United States without further hearing or review, unless the alien is an unaccompanied alien child as defined in 6 U.S.C. § 279(g)(2), indicates an intention to apply for asylum or a fear of persecution or torture or a fear of return to his or her country, or claims to have a valid immigration status within the United States or to be a citizen or national of the United States.

Pursuant to section 235(b)(1)(A)(iii)(I) of the INA and other provisions of law, I have been granted the authority to apply, by designation in my sole and unreviewable discretion, the expedited removal provisions in section 235(b)(1)(A)(i) and (ii) of the INA to aliens who have not been admitted or paroled into the United States, who are inadmissible to the United States under section 212(a)(6)(C) or section 212(a)(7) of the INA, and who have not affirmatively shown, to the satisfaction of an immigration officer, that they have been continuously physically present in the United States for the two-year period immediately prior to the determination of their inadmissibility. To date, this authority has only been exercised to designate for application of expedited removal, aliens encountered within 100 air miles of the border and 14 days of entry, and aliens who arrived in the United States by sea other than at a port of entry.¹

The surge of illegal immigration at the southern border has overwhelmed federal agencies and resources and has created a significant national security vulnerability to the United States. Thousands of aliens apprehended at the border, placed in removal proceedings, and released from custody have absconded and failed to appear at their removal hearings. Immigration courts are experiencing a historic backlog of removal cases, primarily proceedings under section 240 of the INA for individuals who are not currently detained.

During October 2016 and November 2016, there were 46,184 and 47,215 apprehensions, respectively, between ports of entry on our southern border. In comparison, during October 2015 and November 2015 there were 32,724 and 32,838 apprehensions, respectively, between ports of entry on our southern border. This increase of 10,000–15,000 apprehensions per month has significantly strained DHS resources.

Furthermore, according to EOIR information provided to DHS, there are more than 534,000 cases currently pending on immigration court dockets nationwide—a record high. By contrast, according to some reports, there were nearly 168,000 cases pending at the end of fiscal year (FY) 2004 when section 235(b)(1)(A)(i) was last expanded.² This represents an increase of more than 200% in the number of cases pending completion. The average removal case for an alien who is not detained has been pending for more than two years before an immigration judge.³ In some immigration courts, aliens who are not detained will not have their cases heard by an

² Syracuse University, Transactional Records Access Clearinghouse (TRAC) Data Research; available at http://trac.syr.edu/phptools/immigration/court_backlog/.
³ Id.
immigration judge for as long as five years. This unacceptable delay affords removable aliens with no plausible claim for relief to remain unlawfully in the United States for many years.

To ensure the prompt removal of aliens apprehended soon after crossing the border illegally, the Department will publish in the Federal Register a new Notice Designating Aliens Subject to Expedited Removal Under Section 235(b)(1)(a)(iii) of the Immigration and Nationality Act, which may, to the extent I determine is appropriate, depart from the limitations set forth in the designation currently in force. I direct the Commissioner of CBP and the Director of ICE to conform the use of expedited removal procedures to the designations made in this notice upon its publication.

H. Implementing the Provisions of Section 235(b)(2)(C) of the INA to Return Aliens to Contiguous Countries

Section 235(b)(2)(C) of the INA authorizes the Department to return aliens arriving on land from a foreign territory contiguous to the United States, to the territory from which they arrived, pending a formal removal proceeding under section 240 of the INA. When aliens so apprehended do not pose a risk of a subsequent illegal entry or attempted illegal entry, returning them to the foreign contiguous territory from which they arrived, pending the outcome of removal proceedings saves the Department’s detention and adjudication resources for other priority aliens.

Accordingly, subject to the requirements of section 1232, Title 8, United States Code, related to unaccompanied alien children and to the extent otherwise consistent with the law and U.S. international treaty obligations, CBP and ICE personnel shall, to the extent appropriate and reasonably practicable, return aliens described in section 235(b)(2)(A) of the INA, who are placed in removal proceedings under section 240 of the INA—and who, consistent with the guidance of an ICE Field Office Director, CBP Chief Patrol Agent, or CBP Director of Field Operations, pose no risk of recidivism—to the territory of the foreign contiguous country from which they arrived pending such removal proceedings.

To facilitate the completion of removal proceedings for aliens so returned to the contiguous country, ICE Field Office Directors, ICE Special Agents-in-Charge, CBP Chief Patrol Agent, and CBP Directors of Field Operations shall make available facilities for such aliens to appear via video teleconference. The Director of ICE and the Commissioner of CBP shall consult with the Director of EOIR to establish a functional, interoperable video teleconference system to ensure maximum capability to conduct video teleconference removal hearings for those aliens so returned to the contiguous country.

I. Enhancing Asylum Referrals and Credible Fear Determinations Pursuant to Section 235(b)(1) of the INA

With certain exceptions, any alien who is physically present in the United States or who arrives in the United States (whether or not at a designated port of arrival and including an alien who is brought to the United States after having been interdicted in international or United States waters), irrespective of such alien’s status, may apply for asylum. For those aliens who are subject
to expedited removal under section 235(b) of the INA, aliens who claim a fear of return must be referred to an asylum officer to determine whether they have established a credible fear of persecution or torture. To establish a credible fear of persecution, an alien must demonstrate that there is a "significant possibility" that the alien could establish eligibility for asylum, taking into account the credibility of the statements made by the alien in support of the claim and such other facts as are known to the officer.

The Director of USCIS shall ensure that asylum officers conduct credible fear interviews in a manner that allows the interviewing officer to elicit all relevant information from the alien as is necessary to make a legally sufficient determination. In determining whether the alien has demonstrated a significant possibility that the alien could establish eligibility for asylum, or for withholding or deferral of removal under the Convention Against Torture, the asylum officer shall consider the statements of the alien and determine the credibility of the alien's statements made in support of his or her claim and shall consider other facts known to the officer, as required by statute.

The asylum officer shall make a positive credible fear finding only after the officer has considered all relevant evidence and determined, based on credible evidence, that the alien has a significant possibility of establishing eligibility for asylum, or for withholding or deferral of removal under the Convention Against Torture, based on established legal authority.

The Director of USCIS shall also increase the operational capacity of the Fraud Detection and National Security (FDNS) Directorate and continue to strengthen the integration of its operations to support the Field Operations, Refugee, Asylum, and International Operations, and Service Center Operations Directorate, to detect and prevent fraud in the asylum and benefits adjudication processes, and in consultation with the USCIS Office of Policy and Strategy as operationally appropriate.

The Director of USCIS, the Commissioner of CBP, and the Director of ICE shall review fraud detection, deterrence, and prevention measures throughout their respective agencies and provide me with a consolidated report within 90 days of the date of this memorandum regarding fraud vulnerabilities in the asylum and benefits adjudication processes, and propose measures to enhance fraud detection, deterrence, and prevention in these processes.

J. Allocation of Resources and Personnel to the Southern Border for Detention of Aliens and Adjudication of Claims

The detention of aliens apprehended at the border is critical to the effective enforcement of the immigration laws. Aliens who are released from custody pending a determination of their removability are highly likely to abscond and fail to attend their removal hearings. Moreover, the screening of credible fear claims by USCIS and adjudication of asylum claims by EOIR at

5 See INA § 235(b)(1)(B)(v).
6 See id.
7 Id.
detention facilities located at or near the point of apprehension will facilitate an expedited resolution of those claims and result in lower detention and transportation costs.

Accordingly, the Director of ICE and the Commissioner of CBP should take all necessary action and allocate all available resources to expand their detention capabilities and capacities at or near the border with Mexico to the greatest extent practicable. CBP shall focus these actions on expansion of “short-term detention” (defined as 72 hours or less under 6 U.S.C. § 211(m)) capability, and ICE will focus these actions on expansion of all other detention capabilities. CBP and ICE should also explore options for joint temporary structures that meet appropriate standards for detention given the length of stay in those facilities.

In addition, to the greatest extent practicable, the Director of USCIS is directed to increase the number of asylum officers and FDNS officers assigned to detention facilities located at or near the border with Mexico to properly and efficiently adjudicate credible fear and reasonable fear claims and to counter asylum-related fraud.

K. Proper Use of Parole Authority Pursuant to Section 212(d)(5) of the INA

The authority to parole aliens into the United States is set forth in section 212(d)(5) of the INA, which provides that the Secretary may, in his discretion and on a case-by-case basis, temporarily parole into the United States any alien who is an applicant for admission for urgent humanitarian reasons or significant public benefit. The statutory language authorizes parole in individual cases only where, after careful consideration of the circumstances, it is necessary because of demonstrated urgent humanitarian reasons or significant public benefit. In my judgment, such authority should be exercised sparingly.

The practice of granting parole to certain aliens in pre-designated categories in order to create immigration programs not established by Congress, has contributed to a border security crisis, undermined the integrity of the immigration laws and the parole process, and created an incentive for additional illegal immigration.

Therefore, the Director of USCIS, the Commissioner of CBP, and the Director of ICE shall ensure that, pending the issuance of final regulations clarifying the appropriate use of the parole power, appropriate written policy guidance and training is provided to employees within those agencies exercising parole authority, including advance parole, so that such employees are familiar with the proper exercise of parole authority under section 212(d)(5) of the INA and exercise such parole authority only on a case-by-case basis, consistent with the law and written policy guidance.

Notwithstanding any other provision of this memorandum, pending my further review and evaluation of the impact of operational changes to implement the Executive Order, and additional guidance on the issue by the Director of ICE, the ICE policy directive establishing standards and procedures for the parole of certain arriving aliens found to have a credible fear of persecution or
torture shall remain in full force and effect. The ICE policy directive shall be implemented in a manner consistent with its plain language. In every case, the burden to establish that his or her release would neither pose a danger to the community, nor a risk of flight remains on the individual alien, and ICE retains ultimate discretion whether it grants parole in a particular case.

L. Proper Processing and Treatment of Unaccompanied Alien Minors Encountered at the Border

In accordance with section 235 of the William Wilberforce Trafficking Victims Protection Reauthorization Act of 2008 (codified in part at 8 U.S.C. § 1232) and section 462 of the Homeland Security Act of 2002 (6 U.S.C. § 279), unaccompanied alien children are provided special protections to ensure that they are properly processed and receive the appropriate care and placement when they are encountered by an immigration officer. An unaccompanied alien child, as defined in section 279(g)(2), Title 6, United States Code, is an alien who has no lawful immigration status in the United States, has not attained 18 years of age; and with respect to whom, (1) there is no parent or legal guardian in the United States, or (2) no parent of legal guardian in the United States is available to provide care and physical custody.

Approximately 155,000 unaccompanied alien children have been apprehended at the southern border in the last three years. Most of these minors are from El Salvador, Honduras, and Guatemala, many of whom travel overland to the southern border with the assistance of a smuggler who is paid several thousand dollars by one or both parents, who reside illegally in the United States.

With limited exceptions, upon apprehension, CBP or ICE must promptly determine if a child meets the definition of an “unaccompanied alien child” and, if so, the child must be transferred to the custody of the Office of Refugee Resettlement within the Department of Health and Human Services (HHS) within 72 hours, absent exceptional circumstances. The determination that the child is an “unaccompanied alien child” entitles the child to special protections, including placement in a suitable care facility, access to social services, removal proceedings before an immigration judge under section 240 of the INA, rather than expedited removal proceedings under section 235(b) of the INA, and initial adjudication of any asylum claim by USCIS.

Approximately 60% of minors initially determined to be “unaccompanied alien children” are placed in the care of one or more parents illegally residing in the United States. However, by Department policy and practice, such minors maintained their status as “unaccompanied alien children,” notwithstanding that they may no longer meet the statutory definition once they have been placed by HHS in the custody of a parent in the United States who can care for the minor. Exploitation of that policy led to abuses by many of the parents and legal guardians of those minors and has contributed to significant administrative delays in adjudications by immigration.

8 ICE Policy No. 11002.1: Parole of Arriving Aliens Found to Have a Credible Fear of Persecution or Torture (Dec. 8, 2009).
10 See generally 8 U.S.C. § 1232; INA § 208(b)(3)(C).
courts and USCIS.

To ensure identification of abuses and the processing of unaccompanied alien children consistent with the statutory framework and any applicable court order, the Director of USCIS, the Commissioner of CBP, and the Director of ICE are directed to develop uniform written guidance and training for all employees and contractors of those agencies regarding the proper processing of unaccompanied alien children, the timely and fair adjudication of their claims for relief from removal, and, if appropriate, their safe repatriation at the conclusion of removal proceedings. In developing such guidance and training, they shall establish standardized review procedures to confirm that alien children who are initially determined to be "unaccompanied alien child[ren]," as defined in section 279(g)(2), Title 6, United States Code, continue to fall within the statutory definition when being considered for the legal protections afforded to such children as they go through the removal process.

M. Accountability Measures to Protect Alien Children from Exploitation and Prevent Abuses of Our Immigration Laws

Although the Department's personnel must process unaccompanied alien children pursuant to the requirements described above, we have an obligation to ensure that those who conspire to violate our immigration laws do not do so with impunity—particularly in light of the unique vulnerabilities of alien children who are smuggled or trafficked into the United States.

The parents and family members of these children, who are often illegally present in the United States, often pay smugglers several thousand dollars to bring their children into this country. Tragically, many of these children fall victim to robbery, extortion, kidnapping, sexual assault, and other crimes of violence by the smugglers and other criminal elements along the dangerous journey through Mexico to the United States. Regardless of the desires for family reunification, or conditions in other countries, the smuggling or trafficking of alien children is intolerable.

Accordingly, the Director of ICE and the Commissioner of CBP shall ensure the proper enforcement of our immigration laws against any individual who—directly or indirectly—facilitates the illegal smuggling or trafficking of an alien child into the United States. In appropriate cases, taking into account the risk of harm to the child from the specific smuggling or trafficking activity that the individual facilitated and other factors relevant to the individual’s culpability and the child’s welfare, proper enforcement includes (but is not limited to) placing any such individual who is a removable alien into removal proceedings, or referring the individual for criminal prosecution.

N. Prioritizing Criminal Prosecutions for Immigration Offenses Committed at the Border

The surge of illegal immigration at the southern border has produced a significant increase in organized criminal activity in the border region. Mexican drug cartels, Central American gangs, and other violent transnational criminal organizations have established sophisticated criminal
enterprises on both sides of the border. The large-scale movement of Central Americans, Mexicans, and other foreign nationals into the border area has significantly strained federal agencies and resources dedicated to border security. These criminal organizations have monopolized the human trafficking, human smuggling, and drug trafficking trades in the border region.

It is in the national interest of the United States to prevent criminals and criminal organizations from destabilizing border security through the proliferation of illicit transactions and violence perpetrated by criminal organizations.

To counter this substantial and ongoing threat to the security of the southern border—including threats to our maritime border and the approaches—the Directors of the Joint Task Forces-West, -East, and -Investigations, as well as the ICE-led Border Enforcement Security Task Forces (BESTs), are directed to plan and implement enhanced counternetwork operations directed at disrupting transnational criminal organizations, focused on those involved in human smuggling. The Department will support this work through the Office of Intelligence and Analysis, CBP’s National Targeting Center, and the DHS Human Smuggling Cell.

In addition, the task forces should include participants from other federal, state, and local agencies, and should target individuals and organizations whose criminal conduct undermines border security or the integrity of the immigration system, including offenses related to alien smuggling or trafficking, drug trafficking, illegal entry and reentry, visa fraud, identity theft, unlawful possession or use of official documents, and acts of violence committed against persons or property at or near the border.

In order to support the efforts of the BESTs and counter network operations of the Joint Task Forces, the Director of ICE shall increase the number of special agents and analysts in the Northern Triangle ICE Attache Offices and increase the number of vetted Transnational Criminal Investigative Unit international partners. This expansion of ICE’s international footprint will focus both domestic and international efforts to dismantle transnational criminal organizations that are facilitating and profiting from the smuggling routes to the United States.

O. Public Reporting of Border Apprehensions Data

The Department has an obligation to perform its mission in a transparent and forthright manner. The public is entitled to know, with a reasonable degree of detail, information pertaining to the aliens unlawfully entering at our borders.

Therefore, consistent with law, in an effort to promote transparency and renew confidence in the Department’s border security mission, the Commissioner of CBP and the Director of ICE shall develop a standardized method for public reporting of statistical data regarding aliens apprehended at or near the border for violating the immigration law. The reporting method shall include uniform terminology and shall utilize a format that is easily understandable by the public in a medium that can be readily accessed.
At a minimum, in addition to statistical information currently being publicly reported regarding apprehended aliens, the following information must be included: the number of convicted criminals and the nature of their offenses; the prevalence of gang members and prior immigration violators; the custody status of aliens and, if released, the reason for release and location of that release; and the number of aliens ordered removed and those aliens physically removed.

P. No Private Right of Action

This document provides only internal DHS policy guidance, which may be modified, rescinded, or superseded at any time without notice. This guidance is not intended to, does not, and may not be relied upon to create any right or benefit, substantive or procedural, enforceable at law by any party in any administrative, civil, or criminal matter. Likewise, no limitations are placed by this guidance on the otherwise lawful enforcement or litigation prerogatives of DHS.

In implementing this guidance, I direct DHS Components to consult with legal counsel to ensure compliance with all applicable laws, including the Administrative Procedure Act.

Thomas D. Homan
Acting Director
U.S. Immigration and Customs Enforcement

Lori Scialabba
Acting Director
U.S. Citizenship and Immigration Services

Joseph B. Maher
Acting General Counsel

Dimple Shah
Acting Assistant Secretary for International Affairs

Chip Fulghum
Acting Undersecretary for Management

FROM: John Kelly
Secretary

SUBJECT: Enforcement of the Immigration Laws to Serve the National Interest

This memorandum implements the Executive Order entitled “Enhancing Public Safety in the Interior of the United States,” issued by the President on January 25, 2017. It constitutes guidance for all Department personnel regarding the enforcement of the immigration laws of the United States, and is applicable to the activities of U.S. Immigration and Customs Enforcement (ICE), U.S. Customs and Border Protection (CBP), and U.S. Citizenship and Immigration Services (USCIS). As such, it should inform enforcement and removal activities, detention decisions, administrative litigation, budget requests and execution, and strategic planning.
With the exception of the June 15, 2012, memorandum entitled “Exercising Prosecutorial Discretion with Respect to Individuals Who Came to the United States as Children,” and the November 20, 2014 memorandum entitled “Exercising Prosecutorial Discretion with Respect to Individuals Who Came to the United States as Children and with Respect to Certain Individuals Who Are the Parents of U.S. Citizens or Permanent Residents,”1 all existing conflicting directives, memoranda, or field guidance regarding the enforcement of our immigration laws and priorities for removal are hereby immediately rescinded—to the extent of the conflict—including, but not limited to, the November 20, 2014, memorandum entitled “Policies for the Apprehension, Detention and Removal of Undocumented Immigrants,” and “Secure Communities.”

A. The Department’s Enforcement Priorities

Congress has defined the Department’s role and responsibilities regarding the enforcement of the immigration laws of the United States. Effective immediately, and consistent with Article II, Section 3 of the United States Constitution and Section 3331 of Title 5, United States Code, Department personnel shall faithfully execute the immigration laws of the United States against all removable aliens.

Except as specifically noted above, the Department no longer will exempt classes or categories of removable aliens from potential enforcement. In faithfully executing the immigration laws, Department personnel should take enforcement actions in accordance with applicable law. In order to achieve this goal, as noted below, I have directed ICE to hire 10,000 officers and agents expeditiously, subject to available resources, and to take enforcement actions consistent with available resources. However, in order to maximize the benefit to public safety, to stem unlawful migration and to prevent fraud and misrepresentation, Department personnel should prioritize for removal those aliens described by Congress in Sections 212(a)(2), (a)(3), and (a)(6)(C), 235(b) and (c), and 237(a)(2) and (4) of the Immigration and Nationality Act (INA).

Additionally, regardless of the basis of removability, Department personnel should prioritize removable aliens who: (1) have been convicted of any criminal offense; (2) have been charged with any criminal offense that has not been resolved; (3) have committed acts which constitute a chargeable criminal offense; (4) have engaged in fraud or willful misrepresentation in connection with any official matter before a governmental agency; (5) have abused any program related to receipt of public benefits; (6) are subject to a final order of removal but have not complied with their legal obligation to depart the United States; or (7) in the judgment of an immigration officer, otherwise pose a risk to public safety or national security. The Director of ICE, the Commissioner of CBP, and the Director of USCIS may, as they determine is appropriate, issue further guidance to allocate appropriate resources to prioritize enforcement activities within these categories—for example, by prioritizing enforcement activities against removable aliens who are convicted felons or who are involved in gang activity or drug trafficking.

---

1 The November 20, 2014, memorandum will be addressed in future guidance.
B. Strengthening Programs to Facilitate the Efficient and Faithful Execution of the Immigration Laws of the United States

Facilitating the efficient and faithful execution of the immigration laws of the United States—and prioritizing the Department’s resources—requires the use of all available systems and enforcement tools by Department personnel.

Through passage of the immigration laws, Congress established a comprehensive statutory regime to remove aliens expeditiously from the United States in accordance with all applicable due process of law. I determine that the faithful execution of our immigration laws is best achieved by using all these statutory authorities to the greatest extent practicable. Accordingly, Department personnel shall make full use of these authorities.

Criminal aliens have demonstrated their disregard for the rule of law and pose a threat to persons residing in the United States. As such, criminal aliens are a priority for removal. The Priority Enforcement Program failed to achieve its stated objectives, added an unnecessary layer of uncertainty for the Department’s personnel, and hampered the Department’s enforcement of the immigration laws in the interior of the United States. Effective immediately, the Priority Enforcement Program is terminated and the Secure Communities Program shall be restored. To protect our communities and better facilitate the identification, detention, and removal of criminal aliens within constitutional and statutory parameters, the Department shall eliminate the existing Forms I-247D, I-247N, and I-247X, and replace them with a new form to more effectively communicate with recipient law enforcement agencies. However, until such forms are updated they may be used as an interim measure to ensure that detainers may still be issued, as appropriate.

ICE’s Criminal Alien Program is an effective tool to facilitate the removal of criminal aliens from the United States, while also protecting our communities and conserving the Department’s detention resources. Accordingly, ICE should devote available resources to expanding the use of the Criminal Alien Program in any willing jurisdiction in the United States. To the maximum extent possible, in coordination with the Executive Office for Immigration Review (EOIR), removal proceedings shall be initiated against aliens incarcerated in federal, state, and local correctional facilities under the Institutional Hearing and Removal Program pursuant to section 238(a) of the INA, and administrative removal processes, such as those under section 238(b) of the INA, shall be used in all eligible cases.

The INA § 287(g) Program has been a highly successful force multiplier that allows a qualified state or local law enforcement officer to be designated as an “immigration officer” for purposes of enforcing federal immigration law. Such officers have the authority to perform all law enforcement functions specified in section 287(a) of the INA, including the authority to investigate, identify, apprehend, arrest, detain, and conduct searches authorized under the INA, under the direction and supervision of the Department.

There are currently 32 law enforcement agencies in 16 states participating in the 287(g)
Program. In previous years, there were significantly more law enforcement agencies participating in the 287(g) Program. To the greatest extent practicable, the Director of ICE and Commissioner of CBP shall expand the 287(g) Program to include all qualified law enforcement agencies that request to participate and meet all program requirements. In furtherance of this direction and the guidance memorandum, “Implementing the President’s Border Security and Immigration Enforcement Improvements Policies” (Feb. 20, 2017), the Commissioner of CBP is authorized, in addition to the Director of ICE, to accept State services and take other actions as appropriate to carry out immigration enforcement pursuant to section 287(g) of the INA.

**C. Exercise of Prosecutorial Discretion**

Unless otherwise directed, Department personnel may initiate enforcement actions against removable aliens encountered during the performance of their official duties and should act consistently with the President’s enforcement priorities identified in his Executive Order and any further guidance issued pursuant to this memorandum. Department personnel have full authority to arrest or apprehend an alien whom an immigration officer has probable cause to believe is in violation of the immigration laws. They also have full authority to initiate removal proceedings against any alien who is subject to removal under any provision of the INA, and to refer appropriate cases for criminal prosecution. The Department shall prioritize aliens described in the Department’s Enforcement Priorities (Section A) for arrest and removal. This is not intended to remove the individual, case-by-case decisions of immigration officers.

The exercise of prosecutorial discretion with regard to any alien who is subject to arrest, criminal prosecution, or removal in accordance with law shall be made on a case-by-case basis in consultation with the head of the field office component, where appropriate, of CBP, ICE, or USCIS that initiated or will initiate the enforcement action, regardless of which entity actually files any applicable charging documents: CBP Chief Patrol Agent, CBP Director of Field Operations, ICE Field Office Director, ICE Special Agent-in-Charge, or the USCIS Field Office Director, Asylum Office Director or Service Center Director.

Except as specifically provided in this memorandum, prosecutorial discretion shall not be exercised in a manner that exempts or excludes a specified class or category of aliens from enforcement of the immigration laws. The General Counsel shall issue guidance consistent with these principles to all attorneys involved in immigration proceedings.

**D. Establishing the Victims of Immigration Crime Engagement (VOICE) Office**

Criminal aliens routinely victimize Americans and other legal residents. Often, these victims are not provided adequate information about the offender, the offender’s immigration status, or any enforcement action taken by ICE against the offender. Efforts by ICE to engage these victims have been hampered by prior Department of Homeland Security (DHS) policy extending certain Privacy Act protections to persons other than U.S. citizens and lawful permanent residents, leaving victims feeling marginalized and without a voice. Accordingly, I am establishing the Victims of Immigration Crime Engagement (VOICE) Office within the Office of
the Director of ICE, which will create a programmatic liaison between ICE and the known victims of crimes committed by removable aliens. The liaison will facilitate engagement with the victims and their families to ensure, to the extent permitted by law, that they are provided information about the offender, including the offender’s immigration status and custody status, and that their questions and concerns regarding immigration enforcement efforts are addressed.

To that end, I direct the Director of ICE to immediately reallocate any and all resources that are currently used to advocate on behalf of illegal aliens (except as necessary to comply with a judicial order) to the new VOICE Office, and to immediately terminate the provision of such outreach or advocacy services to illegal aliens.

Nothing herein may be construed to authorize disclosures that are prohibited by law or may relate to information that is Classified, Sensitive but Unclassified (SBU), Law Enforcement Sensitive (LES), For Official Use Only (FOUO), or similarly designated information that may relate to national security, law enforcement, or intelligence programs or operations, or disclosures that are reasonably likely to cause harm to any person.

E. Hiring Additional ICE Officers and Agents

To enforce the immigration laws effectively in the interior of the United States in accordance with the President’s directives, additional ICE agents and officers are necessary. The Director of ICE shall—while ensuring consistency in training and standards—take all appropriate action to expeditiously hire 10,000 agents and officers, as well as additional operational and mission support and legal staff necessary to hire and support their activities. Human Capital leadership in CBP and ICE, in coordination with the Under Secretary for Management and the Chief Human Capital Officer, shall develop hiring plans that balance growth and interagency attrition by integrating workforce shaping and career paths for incumbents and new hires.

F. Establishment of Programs to Collect Authorized Civil Fines and Penalties

As soon as practicable, the Director of ICE, the Commissioner of CBP, and the Director of USCIS shall issue guidance and promulgate regulations, where required by law, to ensure the assessment and collection of all fines and penalties which the Department is authorized under the law to assess and collect from aliens and from those who facilitate their unlawful presence in the United States.

G. Aligning the Department’s Privacy Policies With the Law

The Department will no longer afford Privacy Act rights and protections to persons who are neither U.S. citizens nor lawful permanent residents. The DHS Privacy Office will rescind the DHS Privacy Policy Guidance memorandum, dated January 7, 2009, which implemented the DHS “mixed systems” policy of administratively treating all personal information contained in DHS record systems as being subject to the Privacy Act regardless of the subject’s immigration status. The DHS Privacy Office, with the assistance of the Office of the General Counsel, will
develop new guidance specifying the appropriate treatment of personal information DHS maintains in its record systems.

H. Collecting and Reporting Data on Alien Apprehensions and Releases

The collection of data regarding aliens apprehended by ICE and the disposition of their cases will assist in the development of agency performance metrics and provide transparency in the immigration enforcement mission. Accordingly, to the extent permitted by law, the Director of ICE shall develop a standardized method of reporting statistical data regarding aliens apprehended by ICE and, at the earliest practicable time, provide monthly reports of such data to the public without charge.

The reporting method shall include uniform terminology and shall utilize a format that is easily understandable by the public and a medium that can be readily accessed. At a minimum, in addition to statistical information currently being publicly reported regarding apprehended aliens, the following categories of information must be included: country of citizenship, convicted criminals and the nature of their offenses, gang members, prior immigration violators, custody status of aliens and, if released, the reason for release and location of their release, aliens ordered removed, and aliens physically removed or returned.

The ICE Director shall also develop and provide a weekly report to the public, utilizing a medium that can be readily accessed without charge, of non-Federal jurisdictions that release aliens from their custody, notwithstanding that such aliens are subject to a detainer or similar request for custody issued by ICE to that jurisdiction. In addition to other relevant information, to the extent that such information is readily available, the report shall reflect the name of the jurisdiction, the citizenship and immigration status of the alien, the arrest, charge, or conviction for which each alien was in the custody of that jurisdiction, the date on which the ICE detainer or similar request for custody was served on the jurisdiction by ICE, the date of the alien’s release from the custody of that jurisdiction and the reason for the release, an explanation concerning why the detainer or similar request for custody was not honored, and all arrests, charges, or convictions occurring after the alien’s release from the custody of that jurisdiction.

I. No Private Right of Action

This document provides only internal DHS policy guidance, which may be modified, rescinded, or superseded at any time without notice. This guidance is not intended to, does not, and may not be relied upon to create any right or benefit, substantive or procedural, enforceable at law by any party in any administrative, civil, or criminal matter. Likewise, no limitations are placed by this guidance on the otherwise lawful enforcement or litigation prerogatives of DHS.

In implementing these policies, I direct DHS Components to consult with legal counsel to ensure compliance with all applicable laws, including the Administrative Procedure Act.
